drawing on a wealth of academic research statistics and interviews with key australian media people including present and former australian broadcasting corporation staffers this book explores the transitions of the abc under various types of organisational re strategising governance and political shifts the book provides the reader with an authoritative narrative as to how the abc has lost its iconic status in australian society and unfolds how the abc has strayed from its respected public charter which endowed the abc with a distinctive and important role in informing educating and entertaining the australian public successive federal government funding cuts have shrunk staffing levels and services while it has pursued a corporatist model that mimics the trappings and practices of commercial media in that process it has become politicised and trivialised thereby threatening its demise the book is a unique and timely contribution at a time of dwindling interest for the funding of public assets everywhere there is no other book in the market that addresses the decline of the organisation the abc and analyses the reasons for its demise within an organisational theoretical framework the book is written for an educated general audience with academics and media practitioners specifically in mind and has everyday applications for business organisations operating in the public sector by bringing together important findings of public funding budgets management and organisational strategies and evolution

the authors have more than 100 years of collective experience in assisting police unions it all seemed so simple and formulaic a social movement that had been lingering for decades reached a tipping point and unions now had their greatest challenge ever the last 5 years have seen what unions would describe as apocalyptic demands for reforms union leaders ranted about a war on the police the end of the profession and increasing hostility towards the police by the liberal media and politicians unions must change the way they do business if they want to survive this book identifies the who what and why of the reform movement how to mount an effective political campaign the complexities of an effective message and the reasons police union leaders succeed and fail this book is divided into five primary parts each of which explores a police

profession under attack from reform activists left leaning media politically correct chiefs and weak mayors and councils afraid to push back against unrealistic and overreaching demands for reforms part i focuses on viewing reform as a social movement part ii examines the battle between unions and reform activists part iii unravels the mysterious world of police unions part iv predicts the future of the reform movement and police unions in light of the struggle taking place nationwide and finally part v are case studies perspectives and predictions from contributing authors who are on the front lines of the police labor movement in the u s and australia by following the superb analysis and creative ideas in this book police union leaders police management law enforcement personnel criminal justice professors and policymakers will see a path to reaching an accord on reform and advancing the police profession

this new third edition provides an update on what is known about street gangs throughout the world and summarizes some of the major works on street gang phenomena it focuses on those countries that have a greater presence in the literature chapter 1 introduces the reader to the topic of street gangs throughout the world chapter 2 identifies some of the challenges faced by scholars when studying gangs in different countries chapter 3 reviews some of the basic research on street gangs in the united states and canada chapter 4 covers what is known about street gangs in europe and russia chapter 5 reviews the literature on street gangs in one of the hottest areas of the world for gangs central america in addition this chapter examines south american and caribbean gangs street gangs in brazil el salvador guatemala jamaica brazil mexico nicaragua trinidad and other countries are covered the presence of street gangs and gang violence in these and other countries has been identified as a major factor in the mass migration of refugees to the united states chapter 6 reports on the street gangs of africa research on gangs in south africa goes back decades and the country has a unique history on how gangs evolved other countries such as egypt nigeria and kenya are developing a body of literature that highlights the distinctive nature of gangs and gang members in these countries chapter 7 addresses street gangs in asia including china india hong kong post reunification japan and other countries this chapter provides rare glimpses of gangs in china a relatively secretive country although different in many ways from gangs in asia information is also included here about gangs in australia and new zealand practitioners in the criminal justice and juvenile justice fields will find this book to be a valuable resource
