the glossary for transport statistics was published for the first time in 1994 with the purpose of assisting member countries during the collection of data on transport using the common questionnaire developed by the united nations economic

teaching a dark chapter explores how textbook narratives about the fascist nazi past in italy east germany and west germany followed relatively calm undisturbed paths of little change until isolated flashpoints catalyzed the educational infrastructure into periods of rapid transformation though these flashpoints varied among italy and the germanys they all roughly conformed to a chronological scheme and permanently changed how each dark past was represented historians have often neglected textbooks as sources in their engagement with the reconstruction of postfascist states and the development of postwar memory culture but as teaching a dark chapter demonstrates textbooks yield new insights and suggest a new chronology of the changes in postwar memory culture that other sources overlook employing a methodological and temporal rethinking of the narratives surrounding the development of european holocaust memory daniela r p weiner reveals how long before 1968 textbooks in these three countries served as important tools to influence public memory about nazi fascist atrocities as fascism had been spread through education then education must play a key role in undoing the damage thus to repair and shape postwar societies textbooks became an avenue to inculcate youths with desirable democratic and socialist values teaching a dark chapter weds the historical study of public memory with the educational study of textbooks to ask how and why the textbooks were created what they said and how they affected the society around them

examines a set of five twelfth century romance texts complete and fragmentary canonical

and now neglected long and short to map out the characteristics and boundaries of the genre in its formative period

no detailed description available for perspectives of irony on medieval french literature

building on various feminist theories of ethos the authors in this collection explore how north american catholic women from various periods races ethnicities sexualities and classes have used elements of the group s positionality to make change the women considered in the book range from the earliest catholic sisters who arrived in the united states to women who held the church hierarchy accountable for the sexual abuse scandals the book analyzes women such as those in an african american order who developed an ethos that would resist racism chapters also consider better known catholic women such as dolores huertas mary daly and joan chittister
