for decades scholars have disagreed about what kinds of behavior count as crime is it simply a violation of the criminal law is it behavior that causes serious harm is the seriousness affected by how many people are harmed and does it make a difference who those people are are crimes less criminal if the victims are black lower class or foreigners when corporations victimize workers is that a crime what about when governments

violate basic human rights of their citizens and who then polices governments in what is crime the first book length treatment of the topic contributors debate the content of crime from diverse perspectives consensus moral cultural relative conflict power anarchist critical feminist racial ethnic postmodernist and integrational henry and lanier synthesize these perspectives and explore what each means for crime control policy

there can be no sane discussion of crime and criminals without an investigation of the meaning of the words a large majority of men even among the educated speak of a criminal as if the word had a clearly defined meaning and as if men were divided by a plain and distinct line into the criminal and the virtuous as a matter of fact there is no such division and from the nature of things there never can be such a line strictly speaking a crime is an act forbidden by the law of the land and one which is considered sufficiently serious to warrant providing penalties for its commission it does not necessarily follow that this act is either good or bad the punishment follows for the violation of the law and not necessarily for any moral transgression no doubt most of the things forbidden by the penal code are such as are injurious to the organized society of the time and place and are usually of such a character as for a long period of time and in most countries have been classed as criminal but even then it does not always follow that the violator of the law is not a person of higher type than the majority who are directly and indirectly responsible for the law it is apparent that a thing is not necessarily bad because it is forbidden by the law legislators are forever repealing and abolishing criminal statutes and organized society is constantly ignoring laws until they fall into disuse and die the laws against witchcraft the long line of blue laws the laws affecting religious beliefs and many social customs are well known examples of legal and innocent acts which legislatures and courts have once made criminal not only are criminal statutes always dying by repeal or repeated violation but every time a legislature meets it changes penalties for existing crimes and makes criminal certain acts that were not forbidden before

crime and criminal typologies have not lived up to their promises because criminologists have been unable to agree on the best typology meier believes that the time is right to take stock he has collated articles by ten leading social scientists who show the great diversity of current criminality the result is a valuable reference book covering subjects like victimization criminal careers theories of criminality social and legal reactions to kinds of crime and future research possibilities in criminology it forms an ideal supplement to textbooks for advanced criminal justice deviant behaviour and criminology courses

argues that criminal activity is largely rational shaped by rewards and penalties it offers versus the outcome of other available activities

a good introduction to crime types and criminology to provide students with a grounding to the start of their studies

written by some of the most notable criminologists of south asia this book examines advances in law criminal justice and criminology in south asia with particular reference to india pakistan and bangladesh the edited collection explores on the basis of surveys interviews court records and legislative documents a wide range of timely issues such as the impacts of modernization and globalization on laws combating violence against women and children evolution of rape laws and the issues of gender justice laws for combating online child sexual abuse transformation in juvenile justice integration of women into policing the dynamics of violence and civility and the birth of colonial criminology in south asia students of criminology and criminal justice practitioners policy makers and human rights advocates will find this distinctive volume highly valuable

there can be no sane discussion of crime and criminals without an investigation of the meaning of the words a large majority of men even among the educated speak of a criminal as if the word had a clearly defined meaning and as if men were divided by a plain and distinct line into the criminal and the virtuous as a matter of fact there is no such division and from the nature of things there never can be such a line strictly speaking a crime is an act forbidden by the law of the land and one which is considered sufficiently serious to warrant providing penalties for its commission it does not necessarily follow that this act is either good or bad the punishment follows for the violation of the law and not necessarily for any moral transgression no doubt most of the things forbidden by the penal code are such as are injurious to the organized society of the time and place and are usually of such a character as for a long period of time and in most countries have been classed as criminal but even then it does not always follow that the violator of the law is not a person of higher type than the majority who are directly and indirectly responsible for the law it is apparent that a thing is not necessarily bad because it is forbidden by the law legislators are forever repealing and abolishing criminal statutes and organized society is constantly ignoring laws until they fall into disuse and die the laws against witchcraft the long line of blue laws the laws affecting religious beliefs and many social customs are well known examples of legal and innocent acts which legislatures and courts have once made criminal not only are criminal statutes always dying by repeal or repeated violation but every time

a legislature meets it changes penalties for existing crimes and makes criminal certain acts that were not forbidden before judging from the kind of men sent to the state legislatures and to congress the fact that certain things are forbidden does not mean that these things are necessarily evil but rather that politicians believe there is a demand for such legislation from the class of society that is most powerful in political action no one who examines the question can be satisfied that a thing is intrinsically wrong because it is forbidden by a legislative body

this comprehensive edited volume contains analysis and explanation of the nature extent patterns and causes of over 40 different forms of crime in each case drawing attention to key contemporary debates and social and criminal justice responses

crime justice and the media examines and analyzes the relationship between the media and crime criminals and the criminal justice system it considers how crime and criminals have been portrayed by the media over time applying different theoretical perspectives on the media to the way crime criminals and justice is reported it focuses on a number of specific areas of crime and criminal justice in terms of media representation these areas include moral panics over specific crimes and criminals including youth crime cybercrime and paedophilia the media portrayal of victims of crime and criminals and the way the media represent criminal justice agencies the book offers a clear accessible and comprehensive analysis of theoretical thinking on the relationship between the media crime and criminal justice and a detailed examination of how crime criminals and others involved in the criminal justice process are portrayed by the media a key strength of the book is its interactive approach throughout the text students are encouraged to respond to the material presented and think for themselves

there can be no sane discussion of crime and criminals without an investigation of the meaning of the words a large majority of men even among the educated speak of a criminal as if the word had a clearly defined meaning and as if men were divided by a plain and distinct line into the criminal and the virtuous as a matter of fact there is no such division and from the nature of things there never can be such a line

there can be no sane discussion of crime and criminals without an investigation of the meaning of the words a large majority of men even among the educated speak of a criminal as if the word had a clearly defined meaning and as if men were divided by a plain and distinct line into the criminal and the virtuous as a matter of fact there is no such division and from the nature of things there never can be such a line

crime is a source of endless fascination and fear yet behind the apparent consensus that crime must be fought there is considerable conflict about what should or should not be treated as criminal and even the most shocking crimes can inspire divisive debate this concise book explores the seemingly simple common sense concept of crime revealing the huge complexities ambiguities and tensions that lie beneath it criminal law is often at odds with different moral perspectives and the practices of different cultures the mass media distort the picture profoundly as do politicians in pursuit of law and order votes the criminal justice system tackles only a limited range of crimes almost entirely ones committed by the poor and relatively powerless while often neglecting the most dangerous and harmful activities of corporations and states from the carnage of unjust wars to the tragedies engendered by austerity it is only by examining the multiple and varied perspectives on crime that we can begin to understand and respond appropriately to this social phenomenon written by a world leading criminologist this insightful book will be an invaluable and captivating introduction for students and interested readers of criminology law sociology and politics

the essays in this book set out to explore the ways in which victorians used newspapers to identify the causes of bad behavior and its impacts and the ways in which they tried to distance criminals and those guilty of bad behavior from the ordinary members of society including identification of them as different according to race of sexual orientation it also explores how threats from within normal society were depicted and the panic that issues like baby farming caused victorian alarm was about crimes and bad behavior which they saw as new or unique to their period but which were not new then and which in slightly different dress are still causing panic today what is striking about the essays in this collection are the ways in which they echo contemporary concerns about crime and bad behavior including panics about new types of crime this has implications for modern understandings of how society needs to understand crime demonstrating that while there are changes over time there are also important continuities book jacket title summary field provided by blackwell north america inc all rights reserved
