students like little books and they need ones they can afford they need to read write and do research and to listen with open minds and engage respectfully with new ideas and multiple perspectives let s talk with readings covers all that and its anthology of 31 readings combined with the selections on the letstalklibrary will spark conversations about issues students will want to read about think about talk about and write about

a rhetoric that bridges the gap between the writing students already do in social media and other nonacademic contexts and the writing they re expected to do in college all within a strong rhetorical framework

armstrong argues that conflicting readings occur because readers with opposing suppositions about language literature and life can generate irreconcilable hypotheses about a text without endorsing a particular critical methodology the author offers a theory designed to help readers

better understand the causes and consequences of interpretive disagreement so that they may make more informed choices about the various interpretive strategies available to them originally published in 1990 a unc press enduring edition unc press enduring editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print these editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

the can do writing guide that helps students harness the power of rhetoric

as digital reading has become more productive and active the lines between reading and writing become more blurred this book offers both an exploration of collaborative reading and pedagogical strategies for teaching reading and writing that reflect the realities of digital literacies this edited scholarly collection offers strategies for teaching reading and writing that highlight the possibilities opportunities and complexities of digital literacies part 1 explores reading and writing that happen digitally and offers frameworks for thinking about this process part 2 focuses on strategies for the classroom by applying reading theories design principles and rhetorical concepts to instruction part 3 introduces various disciplinary implications for this blended approach to writing instruction what is emerging is new theories and practices of reading in both print and digital spaces theories that account for how diverse student readers encounter and engage digital texts this collection contributes to this work by offering strategies for sustaining reading and cultivating writing in this landscape of changing digital literacies the book is essential for the professional development of beginning teachers who will appreciate the historical and bibliographic overview as well as classroom strategies and for busy veteran teachers who will gain updated knowledge and a renewed commitment to teaching an array of literacy skills it will be ideal for graduate seminars in composition theory and pedagogy both undergraduate and graduate and teacher education courses and will be key reading for scholars in rhetoric and composition interested in composition history assessment communication studies and literature pedagogy

in today s high stakes testing environment integrating technology into the curriculum is often seen as something extra or for use with a few special projects with the growth in internet use by even the youngest children educators urgently need a practical introduction to online literacy and reading comprehension reading writing and literacy 2 0 offers that and more by providing tools and teaching strategies for incorporating online reading and writing into classroom learning as well as a host of web resources that teachers can draw on to make this happen all this without endless hours of searching denise johnson s book connects to the common core state standards and is organized around the technological literacy assessment of the national assessment of education progress naep which focuses on three areas that characterize a technologically literate person knowledge capabilities and critical thinking and decision making this resource provides everything reading teachers need to begin using technology to deepen and enrich literacy learning for all students in addition the author maintains a companion blog to update and add helpful teaching links book features an explanation of the concept and practices of literacy 2 0 and how it differs from literacy 1 0

specific examples and resource links for using technology with diverse learners in the k 8 classroom including translation sites and multilingual materials examples of teacher to student and student to student wiki and blog interactions companion blog offers ongoing support including links to resources new teaching tools classroom examples and more there are many things that i love about this book it is written with a voice wise to both the opportunities and the challenges of classroom teaching it also contains a vast number of ideas that can be immediately used in your classroom of course too it describes effective teaching of new literacies with so many new technologies in addition it begins by providing a clear and compelling framework to put all of the upcoming ideas into a package that will make perfect sense to any teacher from the foreword by donald j leu neag chair in literacy and technology university of connecticut neag school of education written in a clear and practical format this book weaves research based practices across print and digital literacy worlds into engaging learning communities for younger and older readers alike denise johnson s innovative lessons and assessment ideas provide step by step supports for designing curriculum in a 2 0 world julie coiro university of rhode island

academic writing often requires students to incorporate material from outside sources like statistics ideas quotations paraphrases into their own written texts a particular obstacle for students who lack strong reading skills in connecting reading and writing in second language instruction alan hirvela contends that second language writing students should be considered as readers first and advocates the integration of reading and writing instruction with a survey of theory research and pedagogy in the subject area although the integrated reading writing model has gained popularity in recent years many teachers have little more than an intuitive sense of the connections between these skills as part of the popular michigan series on teaching multilingual writers connecting reading and writing in second language instruction will provide invaluable background knowledge on this issue to esl teachers in training as well as teachers who are already practicing

resource added for the communication 108011 courses

powerful strategies tools and techniques for educators teaching students critical reading skills in the humanities every educator understands the importance of teaching students how to read critically even the best teachers however find it challenging to translate their own learned critical reading practices into explicit strategies for their students critical reading across the curriculum humanities volume 1 presents exceptional insight into what educators require to facilitate critical and creative thinking skills written by scholar educators from across the humanities each of the thirteen essays in this volume describes strategies educators have successfully executed to develop critical reading skills in students studying the humanities these include ways to help students focus actively re read and reflect to re think and re consider understand the close relationship between reading and writing become cognizant of the critical importance of context in critical reading and of making contextual connections learn to ask the right questions in critical reading and reasoning appreciate reading as dialogue debate and engaged conversation in addition teachers will find an abundance of innovative

exercises and activities encouraging students to practice their critical reading skills these can easily be adapted for and applied across many disciplines and course curricula in the humanities the lifelong benefits of strong critical reading skills are undeniable students with properly developed critical reading skills are confident learners with an enriched understanding of the world around them they advance academically and are prepared for college success this book arms educators librarians high school teachers university lecturers and beyond with the tools to teach a most paramount lesson

high school students today are writing more than ever everyone s an author bridges the gap between the writing students already do online at home in their communities and the writing they ll do in high school college and beyond it builds student confidence by showing that they already know how to think rhetorically and offers advice for applying those skills as students professionals and citizens because students are also reading more than ever the third edition includes new advice for reading critically engaging respectfully with others and distinguishing facts from misinformation

this informal and inviting book offers a much needed resource for the many k 12 teachers who wonder what to do about grammar how to teach it how to apply it how to learn what they themselves were never taught it provides teachers a way to negotiate the often conflicting goals of high stakes testing confident writing the culturally inclusive classroom and the teaching of standard english while also honoring other varieties of english novice and veteran teachers alike will appreciate the hands on approach to grammar in the classroom that includes numerous examples and practical vignettes describing real teachers real classroom experiences with specific grammar lessons including esl issues as well as the chapters that review grammar basics a grammar glossary and annotated list of sources are also included
