from an established author with a growing international profile in media studies media theory is an accessible yet challenging guide to ways of thinking about media and communications in modern life shaun moores draws on ideas from a range of disciplines in the humanities and social sciences and expertly connects the analysis of media and communications with key themes in contemporary social theory examining core issues of time and space moores also examines matters of interactions signification and identity and argues that media studies is bound up in the wider processes of the modern world and not just about studying the media this book makes a distinctive contribution towards rethinking the shape and direction of media studies today and for students at advanced undergraduate or postgraduate level

we are now living through a period of knowledge capitalism in which as castells put it the action of knowledge upon knowledge is the main source of productivity in the face of such transformation the economic social and institutional contours of contemporary capitalism are being reshaped at the heart of this world are an emergent set of economies regions institutions and peoples central of the flows and translations of knowledge this book provides an interdisciplinary review of the triad of knowledge space economy on entering the twenty first century drawing on a variety of disciplinary backgrounds the first part of the book comprises a set of statements by leading authors on the role of knowledge in capitalism thereafter the remaining two parts of the book explore the landscape of knowledge capitalism through a series of analyses of knowledge in action within a range of economic political and cultural contexts bringing together a set of authors from across the social sciences this book provides both a major theoretical statement on understanding the economic world and an empirical exemplification of the power of knowledge in shaping the spaces and places of today's society

throughout the current period of educational change geography education has also changed the innovations may be the starting point to affect conceptual change and paradigm shifts geography education assimilates and integrates knowledge skills and scientific methodologies the ten

articles in this book illuminate a wide range of topics of interest to geography education in their article skarstein and wolff discuss how the interplay between the environment society and economy pillars of sustainability thinking play out on scales of time space and multitude and how geography teachers can support the students understanding of sustainability yli panula et al analysed used teaching and learning methods to find out good ones for promoting sustainability in geography the same idea can be found in duffin s and perry s article on place based ecology education in their article d[?] r and keller discuss the topics of quality of life sustainability and global justice based on the goals of education for sustainable development evaluation is an important part of learning it is reviewed by schauss and sprenger regarding climate change education the following two articles deal with students views of landscapes worth conserving in both studies students expressed concern about the state of the environment yli panula et al found that the mexican students seldom considered their own activities in relation to the environment while yli panula et al stated that only some of the finnish and swedish students act as observers while others actively care for their environment the remaining three articles deal with teaching methods and models benninghaus et al present a benchmark method which allows statements about the quality of the maps diagrams in general [?] lvarez otero and de l[?] zaro y torres on the other hand describe their technological pedagogical content knowledge model kopnina and saari discusses student assignments reflecting on the documentary film through critical pedagogy and ecopedagogy

this book by one of latin america s leading cultural theorists examines the place of the subject and the role of biographical and autobiographical genres in contemporary culture arfuch argues that the on going proliferation of private and intimate stories what she calls the biographical space can be seen as symptomatic of the impersonalizing dynamics of contemporary times autobiographical genres however harbour an intersubjective dimension the i who speaks wants to be heard by another and the other who listens discovers in autobiography possible points of identification autobiographical genres including those that border on fiction therefore become spaces in which the singularity of experience opens onto the collective and its historicity in ways that allow us to reflect on the ethical political and aesthetic dimensions not only of self representation but also of life itself opening up debate through juxtaposition and dialogue arfuch s own poetic writing moves freely from the holocaust to argentina s last dictatorship and its traumatic memories and then to the troubled borderlands between mexico and the united states to show how artists rescue shards of memory that would otherwise be relegated to the dustbin of history in so doing she makes us see not only how challenging it is to represent past traumas and violence but also how vitally necessary it is to do so as a political strategy for combating the tides of forgetting and for finding ways of being in common

a brief history of time for the 21st century at the heart of our galaxy lies a monster so deadly not even light can escape its grasp its secrets lie waiting to be discovered it s time to explore our universe s most mysterious inhabitants black holes

this companion provides an authoritative source for scholars and students of the nascent field of media geography while it has deep roots in the wider discipline the consolidation of media geography has started only in the past decade with the creation of media geography s first dedicated journal aether as well as the publication of the sub discipline s first textbook however at present there is no other work which provides a comprehensive overview and grounding by indicating the sub discipline s evolution and hinting at its future this volume not only serves to encapsulate what geographers have learned about media but also will help to set the agenda for expanding this type of interdisciplinary exploration the contributors leading scholars in this field including stuart aitken deborah dixon derek mccormack barney warf and matthew zook not only review the existing literature within the remit of their chapters but also articulate arguments about where the future might take media geography scholarship the volume is not simply a collection of individual offerings but has afforded an opportunity to exchange ideas about media geography with contributors making connections between chapters and developing common themes

the main purpose of the convention is to provide a standardised system to deal with problems of international juridical double taxation the imposition of comparable taxes in two or more states on the same taxpayer in relation to the same subject matter and for identical periods this is the 6th edition of the condensed version of this publication and includes the full text of the model tax convention as it read on 15 july 2005 but without the historical notes the detailed list of tax conventions between oecd member countries and the background reports that are included in the full edition

doctoral thesis dissertation from the year 2022 in the subject english language and literature studies linguistics university of baghdad language english abstract the study of identity within a given discourse is one of the significant topics in the field of critical discourse analysis iraqi

christian identity has undergone various political and social changes during different historical periods leading to the emergence of the christian identity as a minority in society the present study investigates the representation of the identity of iraqi christian minority in the narrative discourse of selected english and arabic novels more precisely the present study is a critical discourse analysis of the christian identity as a minority in selected english and arabic novels namely the english novel abducted in iraq by saa d hanna 2017 and the arabic novel the american granddaughter by inaa m kachachi 2009 the study aims at first investigating the textual resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war second identifying the discursive resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war third examining the social resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war that is it examines the role played by power and social dynamisms in the identity construction under analysis and fifth investigating similarities and differences in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war at the textual discursive and social levels of analysis for achieving the afore mentioned aims a purposive sampling technique is used to choose the most representative data from the selected english and arabic novels the data is analysed according to a synthesised theoretical framework based on wodak et al 2009 fairclough 2015 wortham 2001 and graumann 1999 the data are analysed both qualitatively and quantitatively
