since 1994 european union eu case law touching on trade mark confusion has become so diverse and has grown so numerous that it is difficult to see the wood for the trees this is the first book to give a complete synthesis of the thousands of decisions that have been handed down over the past decades illustrated with many examples and images providing a highly structured and complete overview of the confusion test and all assessment criteria as determined by the general court and court of justice the authors unravel the concept of likelihood of confusion and

establish a sound and thorough methodology for resolving confusion in any trade mark case among the practical features offered by the analysis are the following consideration of the constituent criteria of the confusion test through a simple three step test examining the similarity among goods and services similarity between different trade marks and global appreciation of confusion the identification of the relevant consumer including from territorial and linguistic points of view guidance on procedural aspects of the confusion test before the eu courts as well as before the eu intellectual property office and its boards of appeal identifying the dominant and distinctive components of a trade mark phonetic visual and conceptual the concept of similarity and the nice agreement the principle of partial use effect of the terms of sale of the goods or services consideration of the existence of a family or series of trade marks and consideration of the effects of coexistence on the confusion test numerous illustrated examples of trade marks involved in confusion cases enhance the presentation any practitioner dealing with trademark confusion in infringement proceedings before eu or national courts or in opposition proceedings before national offices or the eu intellectual property office will be enabled to approach each case with full awareness of applicable criteria of assessment this much needed synthesis of case law will quickly become a standard work among lawyers examiners and judges acting in trade mark matters

more than a billion people watched the 9 11 world trade center destruction unfold on television making it the greatest shared event in world history reflecting this fact the 2003 world trade center memorial design competition was open to anyone drawing 5 201 entries from 60 countries all of which were posted online most designs were the greyscale hardscape of typical memorials a few were radically imaginative some engaged memory with sound color movement technology or visitor participation others reached across the globe cyberspace even outer space these imaginings stirred questions about their creators who were they what were they thinking and feeling how did the concept develop this book based on a first ever review of the entries tells the personal stories of more than 180 designers whose creative perspective translated an horrific event giving deeper thought to the relation of memorial spaces to history geography technology and cultural diversity

news organisations are struggling with technology transitions and fearful for their future yet some organisations are succeeding why are organisations such as vice and buzzfeed investing in journalism and why are pedigree journalists joining them why are news organisations making journalists redundant but recruiting technologists why does everyone seem to be embracing native advertising why are some news organisations more innovative than others drawing on extensive first hand research this book explains how different international media organisations approach digital news and pinpoints the common organisational factors that help build their success

marvel comics has an established tradition of addressing relevant real life issues facing the american public with the publication of civil war 2006 2007 a seven issue crossover storyline spanning the marvel universe they focused on contemporary anxieties such as terrorism and threats to privacy and other civil liberties this collection of new essays explores the civil war series and its many tie in titles from the perspectives of history

political science sociology psychology literary criticism philosophy law and education the contributors provide a close reading of the series main theme the appropriate balance between freedom and security and discuss how that balance affects citizenship race gender and identity construction in 21st century america

the indistinct status of the zainichi has meant that since the late 1940s two ethnic korean associations the chongryun pro north and the mindan pro south have been vying for political loyalty from the zainichi with both groups initially opposing their assimilation in japan unlike the korean diasporas living in russia china or the us the zainichi have become sharply divided along political lines as a result myung ja kim examines japan s changing national policies towards the zainichi in order to understand why this group has not been fully integrated into japan through the prism of this ethnically korean community the book reveals the dynamics of alliances and alignments in east asia including the rise of china as an economic superpower the security threat posed by north korea and the diminishing alliance between japan and the us taking a post war historical perspective the research reveals why the zainichi are vital to japan s state policy revisionist aims to increase its power internationally and how they were used to increase the country s geopolitical leverage with a focus on international relations this book provides an important analysis of the mechanisms that lie behind nation building policy showing the conditions controlling a host state s treatment of diasporic groups

never have financial markets been subjected to a period of change as rapid and extensive as took place from the 1970s onwards ranald c michie provides an authoritative account of this upheaval based on a careful reading of the financial times over the last four decades

on 9 august 2015 singapore celebrated its 50th year of national independence a milestone for the nation as it has overcome major economic social cultural and political challenges in a short period of time whilst this was a celebratory event to acknowledge the role of the people s action party pap government it was also marked by national remembrance as founding prime minister lee kuan yew died in march 2015 this book

critically reflects on singapore's 50 years of independence contributors interrogate a selected range of topics on singapore's history culture and society including the constitution education religion and race and thereby facilitate a better understanding of its shared national past central to this book is an examination of how singaporeans have learnt to adapt and change through pap government policies since independence in 1965 all chapters begin their histories from that point in time and each contribution focuses either on an area that has been neglected in singapore's modern history or offer new perspectives on the past using a multi disciplinary approach it presents an independent and critical take on singapore's post 1965 history a valuable assessment to students and researchers alike singapore negotiating state and society 1965 2015 is of interest to specialists in southeast asian history and politics

when a mark acquires a reputation it becomes a means of attracting consumers by communicating to them various messages going beyond the indication of commercial origin of goods or services thus trade marks familiar to the general public enjoy a special legal protection regime above and beyond that afforded trade marks in general allowing them to benefit from enhanced protection against reproduction or imitation detrimental to or taking unfair advantage of the distinctive character of the mark or its repute this richly researched book the first comprehensive guide to current european union eu law and practice concerned with reputed trade marks conducts an in depth analysis of this extended protection provided by regulation 2017/1001 on eu trade marks and directive 2015/2436 under which it is mandatory across all member states using a practical approach focused on identifying and analysing the criteria for infringement of trade marks with a reputation in proceedings before civil courts and in administrative proceedings before the european union intellectual property office euipo or national trade mark offices the author addresses such elements of the special protection regime as the following prerequisites for infringement of the right to a reputed mark common to all recognised forms of infringement how to demonstrate each type of infringement of the right to the trade mark with a reputation blurring tarnishment and unfair advantage proof of reputation distinguishing the concept of well known trade mark legitimate versus questionable justifications of the due cause exception within the meaning of eu law provisions use of a disputed sign falling under freedom of expression identifying the role of likelihood of confusion under the special regime and how to prove the existence of a link between the signs in dispute the author pays detailed attention to the case law of the court of justice and general court of the eu as well as cases before the euipo and national courts he takes into account research from a number of member states plus switzerland thus widening prior work in the field from its predominant english language context with this book practitioners will confidently approach cases before courts the euipo and national eu trade mark offices involving enhanced protection of trade marks with a reputation in addition the book will help judges and trade mark offices examiners to interpret the eu provisions and assess claims regarding such reinforced protection for scholars and students of intellectual property law this book will prove a cornerstone volume in the field

in rockin the free world international relations expert sean kay takes readers inside bob dylan's america and shows how this vision linked the

rock and roll revolution to american values of freedom equality human rights and peace while tracing how those values have spread globally rockin the free world then shows how artists have engaged in advancing change via opportunity and education domestic and international issue advocacy and within the recording and broader communications industry the book is built around primary interviews with prominent american and international performing artists ranging from rock and roll hall of fame inductees and grammy winners to regional and local musicians the interviews include leading industry people management journalists heads of non profits and activists the book concludes with a look at how musical artists have defined the american experience and what that has meant for the world

despite the end of white minority rule and the transition to parliamentary democracy johannesburg remains haunted by its tortured history of racial segregation and burdened by enduring inequalities in income opportunities for stable work and access to decent housing under these circumstances johannesburg has become one of the most dangerous cities in the world where the yawning gap between the haves and have nots has fueled a turn toward redistribution through crime while wealthy residents have retreated into heavily fortified gated communities and upscale security estates the less affluent have sought refuge in retrofitting their private homes into safe houses closing off public streets and hiring the services of private security companies to protect their suburban neighborhoods panic city is an exploration of urban fear and its impact on the city s evolving siege architecture the transformation of policing and obsession with security that has fueled unprecedented private consumption of protection services martin murray analyzes the symbiotic relationship between public law enforcement agencies private security companies and neighborhood associations wherein buyers and sellers of security have reinvented ways of maintaining outdated segregation practices that define the urban poor as suspects

following the release of ridley scott s gladiator in 2000 the ancient world epic has experienced a revival in studio and audience interest building on existing scholarship on the cold war epics of the 1950s 60s including ben hur spartacus and the robe this original study explores the current cycle of ancient world epics in cinema within the social and political climate created by september 11th 2001 examining films produced against the backdrop of the war on terror and subsequent invasions of iraq and afghanistan this book assesses the relationship between mainstream cinema and american society through depictions of the ancient world conflict and faith davies explores how these films evoke depictions of the second world war the vietnam war and the western in portraying warfare in the ancient world as well as discussing the influence of genre hybridisation narration and reception theory he questions the extent to which ancient world epics utilise allegory analogy and allusion to parallel past and present in an industry often dictated by market forces featuring analysis of alexander troy 300 centurion the eagle the passion of the christ and more this book offers new insight on the continued evolution of the ancient world epic in cinema

carl von clausewitz described the purpose of war as the compulsory submission of the enemy to our will unlike conventional military conflicts of

the past war in the information age is more a battle of wills than artillery and doesn't necessarily end with decisive conclusions or clear winners cyber warfare between nations is conducted not only without the consent or participation of citizens but often without their knowledge with little to see in the way of airstrikes and troop movements the weapons are information systems intelligence propaganda and the media the combatants are governments multinational corporations hackers and whistleblowers the battlefields are economies command and control networks election outcomes and the hearts and minds of populations as with Russia's bloodless 2014 annexation of the Crimea the cyberwar is fought before the infantry arrives written by a United States intelligence community insider this book describes the covert aspects of modern wars and the agencies who fund and fight them

analysing the politics of the 2012 London Olympics Stephen Wagg examines the framing of London's bid to host the games arguments about the games likely impact and the establishment of Fortress London to protect the games the book asks who won and who lost out in this important event as well as exploring its media coverage and legacy

Intellectual property law and practice in China has changed dramatically since the first edition of this influential book published in 2005 today judicial and administrative application of law plays a major role and accordingly this entirely rewritten new edition draws on an abundance of court and administrative decisions clarifying how the law is applied in a thorough and systematic manner the authors clearly demonstrate the sophisticated level of legal certainty available for domestic and foreign entities doing business in China including the adaptation of the legal framework to new technologies broadened scope of protected subject matter improved quality of filings and significant enhancement of enforcement not only with regard to remedies but also to procedural aspects providing comprehensive coverage of all aspects of intellectual property protection in China including analysis of IP related provisions of China's new Civil Code the book emphasizes issues of concern to foreign traders and investors such as the following copyright law and software protection protection of trademarks including Chinese character and Roman script trademarks well known marks and bad faith applications technology transfer enforcement of trade secret and patent protection criminal liability for infringement unfair competition and antitrust law role of the binding interpretations of the Supreme People's Court administrative regulations that supplement the laws co-operation with administrative authorities protection of geographical indications protection of trade names domain name dispute resolution special patent related laws protecting such areas as plant varieties integrated circuit layout designs and relevant provisions of the distinct laws of Hong Kong and Macao full descriptions of the competencies of China's IP related institutions are included with detailed attention to procedural matters brief historical notes in each chapter feature the most significant changes in each amendment of law and regulation because in China the laws are supplemented and interpreted by numerous guidelines and circulars issued by ministries or courts the up to date knowledge and awareness provided in this new edition is essential for all companies investing in China or considering such investment as well as for practitioners counselling their clients on strategies in addition officials and policymakers involved in

trade or other relations with china will benefit from a comprehensive update of what the current law is and a critical view of what the challenges are the 2021 iplcn is a recommended read for those who seek a well written english textbook which covers the main principles of chinese ip law clearly outlined it is probably one of the best of its kind on the market its existence is welcome and necessary in the current era where languages are still obstacles by tian lu book review for the ip kitten september 2021
