timely examination of the issues that affect the sandwich generation coresidence with adult children the informalization of care to aging parents intergenerational ambivalence and the relationship between midlife families and social policy as lori d campbell and michael p carroll note in their chapter on older canadians aging within a family context has become more complex and diverse than ever before the changes that have been occurring in the form and structure of families as a result of greater longevity increased divorce remarriage and other socio demographic factors allow increased intergenerational exchange the exchange of support between older and younger generations part iii highlights the economic inequalities that exist among families as andrea doucet notes historical circumstances have contributed to strong divisions in both paid and unpaid work that are linked to gender class and ethnicity chapter 8 examines key issues in the study of paid and unpaid work including the connections that exist between paid and unpaid work how unpaid work benefits the state the complexities involved in measuring unpaid work the costs of care and why gender differences in paid and unpaid work matter in the following chapter joseph h michalski argues that family change and demographic events have had their impact on income poverty to the extent that they influence the types of families and living arrangements in which canadians share and pool income diversity is the unifying theme of part iv in her article in i do belong in canada same sex relationships and marriage doreen m fumia reveals the insecure relationship between sexual minorities and citizenship highlighting the strategies used to reproduce normalized heterosexual notions of marriage and to avoid confronting heterosexism james s frideres stresses the importance of the family among aboriginal immigrant and visible minorities communities as family members learn to cope with the dynamics of integration and adaptation to mainstream canadian culture in chapter 11 he focuses on key issues affecting family life for these groups intermarriage gender roles in minority communities social and economic demographics in comparison to mainstream canadians differences in social structure and organization and risk factors that affect aboriginal immigrant and visible minority youth in chapter 12 michelle k owen draws our attention to the impact that disability has on canadian families the role that gender plays in the lives of people with disabilities the relationship between poverty and disability and the increased incidence of physical and sexual abuse among people with a disability the final part of the book is devoted to law and policy in all in the family violence against women children and the aged aysan sev er examines the dark side of the family where power differences can translate into mental physical and or sexual abuse and even murder she reviews the basic definitions of abuse and introduces theories that explain violence within intimate relationships she then addresses possible interventions at the social and structural levels that may diminish the incidence of abuse the role of the state in regulating family life is addressed in chapter 14 catherine krull details the

evolution of Canada's family policies within a liberal welfare state and examines the ideology and implications of a universal versus a targeted approach to family policies. Krull argues that we need to appreciate why state intervention is necessary if we are to achieve gender equity and suggests that Quebec's progressive family policies should serve as a model for the rest of Canada. In the final chapter, Margrit Eichler takes a lighthearted look at the predictions that experts made regarding the future of the family from 1930 to 1975 after reviewing some predictions that were spectacularly wrong and others that were surprisingly accurate. Eichler bravely makes her own predictions regarding the future of the family: she anticipates a modest trend towards three-generation families as one response to economic uncertainties and political turmoil; a decrease in life expectancy; continuing low fertility with high immigration from third-world countries; less homophobia; a continuing slow erosion of strictly defined gender roles; and a continuing diversity of unions, including common-law and legal marriages. Opposite and same-sex marriages in short families will continue to exist; some will prosper, others less so; and children will continue to be raised within family settings which will probably be even more diverse than at present.

Political marketing is becoming a global phenomenon as parties try to copy the market-oriented approach employed by Tony Blair. This work considers the problems with the market-oriented approach, examining the difficulties faced by new labour in government.

Discusses causes of some local and atmospheric air pollution problems as well as general effects on both human health and the environment.
