this advanced textbook covers issues of family ties and aging broadly the goal being to provide an integrated and thorough representation of what we know from the current research whereas books on families and aging have traditionally focused on ties to a spouse and to children and grandchildren family ties aging is more extensive and more reflective of contemporary society the text includes groups and relationships that typically receive short shrift exploring such neglected populations as single divorced and childless older people and their family relationships as well as sibling relationships among the elderly live in partnerships not formalized by marriage and the kinds of family ties forged by gay and lesbian persons over the life course the book weaves the vast range of information we now have about the many facets of family relationships and aging into a critical comprehensive and integrated whole

providing an integrated and thorough representation from current research and contemporary society family ties and aging shows how pressing issues of our time an aging population changing family structures and new patterns of work family balance are negotiated in the family lives of middle aged and older adults focusing on key questions such as how do current trends and social arrangements affect family relationships and what are the implications of what we know for future research theory practice and policy authors ingrid arnet connidis and amanda e barnett explore groups and relationships that are typically overlooked including the unique family situations of older single and childless persons sibling ties older lesbian and gay adults and new forms of intimate relationships the third edition is thoroughly updated to include the latest research and theoretical developments recent media coverage of related issues and new information on intimate

relationships in later life and elder neglect abuse

this book presents a wealth of information on family ties and aging and would be a good text for undergraduates victor g cicirelli purdue univeresity overall the book is really very good all the chapters are excellent impressive in its breadth and depth there is nothing like it on the market and i predict that it will be widely adopted sarah matthews cleveland state university i am very excited about this book i believe it will fill a crucial niche in the field of gerontology there have been a few slim textbooks on family and aging issues in the past but none as comprehensive as this one there are many attractive features excellent coverage of diversity in family experiences according to racial ethnic and sexual orientation group membership indication of diversity of family and aging experiences according to socioeconomic class many useful examples of critical thinking section introductions and summaries that serve as useful learning tools i like the fact that u s and canadian data are intertwined i think it will give students a broader perspective of the world than they typically get from textbooks rosemary blieszner virginia polytechnic institute state university the book is written in a style that is easy to read and presents details carefully but without tedium it would be appropriate for an advanced undergraduate course or a graduate course i enjoyed reading this book this is a topic i am interested in and i think the author did a nice job of communicating both the old and the new the traditional and the nontraditional issues of importance in the study of the family toni antonucci university of michigan this book examines the vast range of information about the many facets of family relationships and aging and compiles it into a critical comprehensive and integrated whole providing an integrated and thorough representation of the field

new to this edition key themes and theoretical orientation have been expanded to reflect developments in the field including the concept of ambivalence and increased attention to how what happens inside families relates to what happens outside them each chapter begins with questions to consider to guide readers their learning as they pay attention to the critical issues new discussion of current issues on research and policy chapters have been reorganized for emphasis and to bring clarity to the flow of ideas the long term intimate ties of middle aged and older persons spouse or partner gay or straight are explored in chapters 3 and 4 the chapter on transitions in intimate relationships is now two chapters chapter 5 on transitions in intimate ties and chapter 7 on new opportunities for intimacy in later life other intimate relationships and opportunities including cohabitation lat living apart together and dating are discussed in chapter 7 the growing complexity of family ties over the life course and the changing realities of what it is to be single or childless are examined discussion of the family lives of gay and lesbian middle aged and older persons throughout in order to be deliberately inclusive regarding all aspects of family life rather than isolating the family ties of gay and lesbian persons in a separate chapter updated discussion of a range of research and policy issues as they relate to understanding and supporting complex and diverse family ties in the later stages of life key features weaves the vast range of information about the many facets of family relationships and aging into a critical comprehensive and integrated whole explores a range of intimate relationships what happens when they end and pathways to intimacy in old age emphasizes diversity in terms of gender age class race ethnicity and sexual orientation throughout to help readers learn about similarities and differences in family relationships as we age links the discussion of various family relationships in mid and later life to current and future directions for research practice and policy chapters and sections end with a summary and conclusion and quotes from various sources are used throughout to bring concepts to life
