Schwandt Susan Pickford Nicolas Lewkowicz Gerhard Piper Barbara Aehlert Serge Doubrovsky Serge Doubrovsky Mouloud Feraoun Stephen King*

À 19 ans Laurette commence sa vie de femme en s'installant dans un appartement dans le quartier ouvrier du centre sud de Montréal bercée par ses rêves de liberté et de loisirs la jeune femme sera toutefois rapidement rattrapée par la réalité des maternités successives cinq de la gestion du trop maigre budget des tâches ménagères de l'importance des apparences et surtout de la désapprobation constante de sa belle mère n'en faisant pourtant qu'à sa tête comme à son habitude Laurette tiendra son rôle de d'épouse et de mère chrétienne comme elle l'entend et gare à qui viendrait la contredire découvrez l'histoire de cette attachante femme de tête qui se déroule entre 1930 et 1967 une grande saga familiale et urbaine

cette saga de quatre tomes s'étend sur presque tout le XIX^e siècle et nous plonge dans le quotidien des habitants du bas Canada en nous entraînant aux quatre coins du Québec d'abord dans la région de Charlevoix puis tour à tour à Québec Drummond Métabetchouan Lac Saint-Jean et bien d'autres lieux encore sans compter une passionnante traversée des États-Unis d'est en ouest lors du dernier tome de la série la famille Grenon héros de la Force de vivre reflète bien la personnalité d'une majorité de Canadiens de ce temps des gens travaillants débrouillards persévérants mais aussi aventureux et braves appelés à exercer cinquante-six métiers pour assurer leur subsistance d'Edmond l'aubergiste à Nicolas le militaire et le cultivateur d'Emmanuel le pionnier à John l'éleveur de troupeau sans parler de leurs compagnes non moins actives et tenaces l'auteur nous fait découvrir un pays un continent encore neuf où tout reste à faire et à bâtir et au cœur duquel l'adversité se

dissimule à chaque détour du destin sous les formes les plus diverses maladies catastrophes naturelles omniprésence du clergé mainmise du régime anglais etc une extraordinaire traversée d'un siècle et d'un pays au côté d'êtres d'exception

L'action des portes de Québec débute en 1896 et s'étend sur près d'un quart de siècle survolant les tragédies de la construction du pont de Québec les célébrations du tricentenaire de 1908 les tiraillements de la conscription et les ravages de la grippe espagnole la saga met en scène les Picard une famille bourgeoise de la haute ville qu'un événement honteux va diviser en deux clans pour plus d'une génération. À travers les Picard c'est toute l'histoire de la ville de Québec et du Québec lui-même qu'on revit à travers un tableau fidèle de sa vie sociale et politique et des mille et un détails du quotidien de l'époque. L'auteur excelle à créer des personnages forts entre lesquels il s'ingénie pour le plus grand plaisir du lecteur à tisser des relations complexes amitiés passions antagonismes haines farouches il en résulte une fresque riche dense et prenante qu'on ne peut plus mettre de côté une fois qu'on a adopté les Picard et qu'on s'est imprégné de l'univers romanesque unique de Jean-Pierre Charland.

Much applied research takes place as if complex social problems and evaluations of interventions to address them can be dealt with in a purely technical way. In contrast, this groundbreaking book offers an alternative approach that incorporates sustained systematic reflection about researchers' values, what values research promotes, how decisions about what to value are made, and by whom, and how judging the value of social interventions takes place. The authors offer practical and conceptual guidance to help researchers engage meaningfully with value conflicts and refine their capacity to engage in deliberative argumentation. Pedagogical features include a detailed evaluation case, bridge to practice exercises, and annotated resources in most chapters and an end-of-book glossary.

This book shines a light on the practices and professional identities of translators in nineteenth-century France, speaking to the translatorial turn in translation studies which spotlights translators as active agents in the international circulation of texts. The volume charts the sociocultural, legal, and economic developments which paved the way for the development of the professional translation industry in France in the period following the French Revolution through to the First World War, drawing on archival material from French publishers' institutional archives and translators' own discourses, and applying historiographical methodologies. Pickford explores the working conditions of professional translators during this time and the subsequent professional identities which emerged from the collective practice of translation across publishing, business, and government. In its diachronic approach to translators' practices and identities, the book aims to recover the collective contributions of these translators and in turn paves the way for a new approach to translator history. From below, the volume will appeal to students and scholars in translation studies, particularly those with an interest in literary translation, translation history, and translator practices.

the United States, the Soviet Union, and the geopolitical implications of the origins of the Cold

war 1945 1949 describes how the united states and the soviet union deployed their hard and soft power resources to create the basis for the institutionalization of the international order in the aftermath of world war two the book argues that the origins of the cold war should not be seen from the perspective of a magnified spectrum of conflict but should be regarded as a process by which the superpowers attempted to forge a normative framework capable of sustaining their geopolitical needs and interests in the post war scenario the united states the soviet union and the geopolitical implications of the origins of the cold war 1945 1949 examines how the use of ideology and the instrument of political intervention in the spheres of influence managed by the superpowers were conducive to the establishment of a stable international order it postulates that the element of conflict present in the early period of the cold war served to demarcate the scope of manoeuvring available to each of the superpowers and studies the notion that the united states and the soviet union were primarily interested in establishing the conditions for the accomplishment of their vital geostrategic interests this required the implementation of social norms imposed in the respective spheres of influence a factor that provided certainty to the spectrum of interstate relations after the period of turmoil that culminated with the onset of world war two
