the true story behind the notorious serial killer peter manuel and detective william muncie s quest to bring him to justice recently dramatised in the major itv drama in plain sight in a two year killing spree peter manuel terrorised a city as the people of glasgow held their breath and anxiously awaited news peter manuel killed anne kneilands marion watt her daughter vivienne and her sister margaret isabelle cooke and the smart family all in cold blood but what drove him to commit such barbaric crimes and could the police have caught him sooner manuel portrait of a serial killer tells the full story from his birth in the usa and his love of gangster movies to his life of crime that would ultimately end on the gallows after one of the most sensational trials in legal history revealing new facts about the case and the myths that surround it this is the definitive account of one of the most notorious criminals in history peter manuel serial killer

with exclusive death row interview years after richard ramirez left thirteen dead and brought the city of los angeles to a standstill his name is still synonymous with fear torture and sadistic murder based on three years of meticulous research and extensive interviews with ramirez himself philip carlo s us bestseller the night stalker reveals the killer and his horrifying crimes to be even more chilling than anyone could have imagined with an exclusive death row interview the

night stalker is a spellbinding descent into the very heart of human evil with brutal honesty carlo writes from the heart robert de niro

adrian raine department of psychology university of southern california usa jose sanmartin queen sojia center for the study of violence valencia spain the problems that psychopathic and violent offenders create for society are not restricted to north america instead these offenders create havoc throughout the world including europe in recognition of this fact queen sophia of spain has promoted a center for the study of violence which recognizes both biological and social contributions to the cause of violence in november 1999 the queen sofia center for the study of violence held its iv international meeting on the biology and sociology of violence this fourth meeting which was under the honorary presidency of h m the queen of spain examined the biological psychological and social aspects of the psychopath the violent offender and the serial killer this book presents some of the key contributions made at that conference and which were first published in spanish in 2000 by ariel press a key thrust of this book and a stance shared by all of its contributors is the notion that violence and psychopathy simply cannot be understood solely or even fundamentally in terms of social and environmental forces and influences nor do biological factors offer an exclusive explanation

he promised them miracles they never knew they d become part of his dark ritual in the lush sugarcane fields of north sumatra indonesia a respected spiritual leader harbored a chilling secret for over a decade ahmad suradji known to his community as a powerful dukun or shaman lured 42 women to their deaths under the guise of performing sacred rituals his victims ranging from young students to successful professionals all shared a common desire the hope for a better life through mystical intervention little did they know that their search for enlightenment would lead them into the hands of one of indonesia s most notorious serial killers the sugarcane killer unmasking indonesia s ahmad suradji and his 42 victims delves deep into the heart of this horrifying case that shook the nation to its core from the bustling streets of medan to the quiet fields that became unmarked graves this meticulously researched account traces suradji s transformation from a respected spiritual figure to a cold blooded murderer drawing on extensive interviews court documents and psychological profiles the book paints a vivid picture of a community caught between ancient beliefs and modern aspirations it explores how suradji exploited deeply rooted superstitions and the desperation of those seeking supernatural solutions to life s problems through the voices of survivors victims families and the detectives who finally brought him to justice readers will experience the terror that gripped medan for years and the relief that came with suradji s capture but this is more than just a true crime narrative it s a profound exploration of the dark side of faith the power of cultural beliefs and the vulnerability of those seeking hope in a rapidly changing world the book challenges readers to confront uncomfortable questions about the nature of evil the limits of cultural relativism and the responsibility of society to protect its most vulnerable members key features of the book include a detailed chronology of suradji s crimes from his first known victim in 1986 to his arrest in 1997 in depth analysis of suradji s background including his claims of supernatural powers and the influence of traditional javanese mysticism exclusive interviews with law enforcement officials including the lead detective who cracked the case heart wrenching accounts from the families of victims providing a human face to the tragedy exploration of the role of suradji s three wives in his crimes raising complex questions about culpability and coercion examination of the trial that captivated the nation and the legal challenges of prosecuting crimes steeped in cultural beliefs discussion of the long term impact on indonesian society including changes in law enforcement practices and attitudes toward traditional healers the

sugarcane killer is not just the story of a serial killer it s a window into a society grappling with the tensions between tradition and modernity it offers valuable insights into the psychology of both the perpetrator and his victims shedding light on the universal human vulnerabilities that transcend cultural boundaries this gripping account will appeal to true crime enthusiasts cultural anthropologists and anyone fascinated by the complex interplay between belief power and human nature it serves as a stark reminder of the dangers of unquestioning faith and the importance of critical thinking in all aspects of life prepare to be shocked moved and ultimately enlightened by this unforgettable exploration of one of indonesia s most haunting criminal cases

serial killers fascinates extreme cases even more so from john wayne gacy to jeffrey dahmer many of america s most famous murderers have entered into the collective cultural consciousness they have become pop culture figures famous for their crimes and the violent nature of their acts people feel compelled to understand more about these dark and twisted crimes even when they disgust for audiences everywhere the very idea that these people can exist and operate in day to day life becomes an issue of abject terror and interest that your neighbor your boss or your gas station attendant might be in the midst of a killing spree taps into something primal and very hard to imagine it reflects the darkest side of the human psyche serial killer as a term can be difficult to define different criminal investigation units typically require two three or more attributable killings over a period of time before an individual can be considered to have joined the ranks of the serial killers however it is not really the numbers which can interest so many people and scare others instead it is the often random nature of the killings rather than crimes of passion crimes of financial reward or instances when an individual has reached their end of their emotional tether the crimes of serial killers have often been planned days weeks or months in advance targets can be random but the killings are often planned in great detail from cannibalism to mental health concerns from ritualistic witchcraft to a simple interest in violence learning what motivates these people can offer both insight and further confusion the cases presented in this book are extreme cases and display to what extent a serial killer can go read the stories of little known serial killers that went beyond the limit of our imagination to perpetrate vile unremorseful murders in the blink of an eye the book details ten cases more horrifying one from the other the isolated loner who butchered women and scattered their remains across alaska the killer who hurled huge stones through his victim s heads colombia s most violent serial killer the police investigator who was secretly a serial killer the woman who murdered hundreds of adopted babies a month long killing spree from the former mental health patient the letter writing cannibal of old new york the killer tried inside an iron cage for the court s protection a man who earned the trust of tourists and killed them for their money the man whose hammer and knife created a campaign of terror grab your copy today

criminology is the scientific study of crime as an individual and social phenomenon criminological research areas include the incidence and forms of crime as well as its causes and consequences they also include social and governmental regulations and reactions to crime criminology is an interdisciplinary field in the behavioural sciences drawing especially on the research of sociologists and psychologists as well as on writings in law this book presents leading research from around the world

in a decade that has seen the rise of far right extremism western countries still face myriad threats of mass violence including terrorism of particular concern

is the phenomenon of lone wolf terrorism whereby acts of political violence are committed by individuals who are operating independently of any organized terrorist group something which makes them inherently more difficult to identify in advance of an attack now there is a need for research that profiles these perpetrators explores the incidents that occur and analyzes the shifting changes in mass violence technology and terrorist behavior in modern times mitigating mass violence and managing threats in contemporary society explores the shifting definitions and implications of mass violence and covers important areas focused on the individuals who partake in these acts as well as weapon choice and the influence of weapon accessibility how the attention seeking behavior and promotion of violent actions is evolving and how technology is used such as disseminating a manifesto prior to the incidents or using live streaming to broadcast incidents of mass violence as they transpire the book also examines ways to prevent these incidents before they occur which is a proven challenge with no single accurate profile for offenders and whether perpetrators of mass violence share similar goals and motivations for their sprees as well as commonalities in warning behaviors this comprehensive research work is essential for law enforcement military officials defense specialists national security experts criminologists psychologists government officials policymakers lawmakers professionals practitioners academicians students and researchers working in the fields of conflict analysis and resolution crisis management law enforcement mental health education psychology sociology criminology criminal justice terrorism and other social sciences

the disturbing true portrait of the most prolific murderer in american history

a collection of chilling stories of murders from mexico one of the world s most prolific hunting grounds for serial killers if i was a serial killer looking for new victims i d head over the border to mexico because life is cheap there and the police have got so much other sh t to investigate they don t bother with random killings a former fbi agent for decades america has been considered to be the natural home of serial killers infamous names like ted bundy or jeffrey dahmer are internationally known and feared and rightly so but what if just south of the border there was a far more active network of serial killers what if the perfect storm of crime fuelled by this nation s deadly narco wars has turned mexico into an ideal hunting ground for many of the most bizarre and blood thirsty serial killers the world has ever seen serial killers of mexico delves into this criminal underbelly to tell the stories of the psychopathic loners professional narco assassins and the overwhelmed law enforcement trying desperately to hunt them down

the entertainment industry is obsessed with true crime stories from ted bundy to the zodiac killer and the night stalker netflix and other streaming platforms have capitalized on these chilling true tales but what about the other stories of heinous killings these ten lesser known true crime stories would make for fascinating docuseries the cases presented in this book are extreme cases and display to what extent a serial killer can go read the stories of little known serial killers that went beyond the limit of our imagination to perpetrate vile unremorseful murders in the blink of an eye the book details ten cases more horrifying one from the other the isolated loner who butchered women and scattered their remains across alaska the killer who hurled huge stones through his victim s heads colombia s most violent serial killer the police investigator who was secretly a serial killer the woman who murdered hundreds of adopted babies a month long killing spree from the former mental health patient the letter writing cannibal of old new york the killer tried inside an iron cage for the

court s protection a man who earned the trust of tourists and killed them for their money the man whose hammer and knife created a campaign of terror
