this textbook provides a comprehensive guide to accounting theory and aims to improve the readers capacity to think critically about accounting and accounting challenges it is intended for accounting students who are enrolled in an accounting theory course as well as those who want

to pursue postgraduate accounting studies namely a phd this textbook starts with an explanation of what accounting is followed by its history and conceptual framework before tying accounting to research subsequently seven theories of accounting are selected and introduced as the accounting research community has made substantial use of these theoretical frameworks in this textbook too applications of accounting theory to previous studies are provided

this book critically examines the implementation and adoption of integrated reporting in organizations and corporations a relatively new area of policy and practice it has rapidly gained considerable prominence since the formation of the international integrated reporting committee in 2010 the book analyzes the outcomes and benefits as well as the shortfalls of integrated reporting it offers an introduction to the foundations of ir and a comprehensive overview of its use through a number of detailed case studies lastly it discusses the outlook for further developments in sustainability accounting and reporting

origins we call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow thus an appropriate way to preface this book is to talk first of its roots its beginnings in the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself a goal was thus set to write a book that like janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future there were precedents for such a project the handbook of marriage and the family edited by harold christensen and published in 1964 the two contemporary theories about the family volumes edited by wesley burr reuben hill f ivan nye and ira reiss published in 1979 and the handbook of marriage and the family edited by marvin sussman and suzanne steinmetz then in production

this wonderful handbook establishes the central and complex place ethnography now occupies in the human disciplines all future work will begin here this handbook will soon become required reading for all scholars and graduate students who wish to be knowledgeable in this complex field of inquiry this is a stunning accomplishment the field owes the editors and their contributors a major debt of thanks norman k denzin university of illinois at urbana champaign a marvellous achievement the handbook has all the marks of a winner compelling writing comprehensive

coverage and very useful discussions this is a real benchmark for ethnography it will set the background for debate and point to ne

the research presented here emphasizes the vital role of governance and artificial intelligence in ensuring business sustainability across various industries highlighting the key elements that show how business governance and ai impact company survival
