collectively mankind has never had it so good despite periodic economic crises of which the current sub prime crisis is merely the latest example much of this success is attributable to the increasing efficiency of the world's financial institutions as finance has proved to be one of the most important causal factors in economic performance in a series of insightful essays financial and economic historians examine how financial innovations from the seventeenth century to the present have continually challenged established institutional arrangements forcing change and

adaptation by governments financial intermediaries and financial markets where these have been successful wealth creation and growth have followed when they failed growth slowed and sometimes economic decline has followed these essays illustrate the difficulties of co ordinating financial innovations in order to sustain their benefits for the wider economy a theme that will be of interest to policy makers as well as economic historians

during the last few years india with its strong financial system has emerged as one of the fastest growing economies in the world in view of the inevitable importance of financial system globally and in india the present book is an attempt to provide an up to date overview of the indian financial system and an elaborate discussion on its three wings financial markets institutions and services key features supported case studies and projects emerging issues like barter exchange governance rating and more current concepts corporate practices recent trends and current data on the subject illustrations tables figures for a vivid visual impact and related concepts to real life situations graded pedagogy mcqs true false fill in the blanks short answer questions critical thinking questions and discussion problems at the end of each chapter solutions to all mcqs in the respective chapters instructor s manual and learning material for students are available at phindia com books learningcentre target audience mba bba b com m com b a m a economics
