a detailed and riveting account of the light division and its three regiments 43rd and 52nd light infantry and the 95th rifles an important book firetrench in february 1810 wellington formed what became the most famous unit in the peninsular war the light division formed around the 43rd and 52nd light infantry and the 95th rifles the exploits of these three regiments is legendary over the next 50 months the division would fight and win glory in almost every battle and siege of the peninsular war how the division achieved its fame began on the border of spain and portugal where it served as a screen between wellington's army and the french when it came time pull back from the border the division endured a harrowing retreat with a relentless enemy at their heels it was during this eventful year it developed an esprit de corps and a belief in its leaders and itself that was unrivaled in wellington's army wellington's light division in the peninsular war uses over 100 primary sources many never published before to recount the numerous skirmishes combats and battles as well as the hardships of a year of duty on the front lines others are from long forgotten books published over 150 years ago it is through the words of the officers and men who served

with it that this major and long anticipated study of the first critical year of the light division is told given the limited scope of the book covering only one year of the peninsular campaign the depth of the study is truly remarkable an excellent history of the light division warts and all the napoleon series

the storming of badajoz was an epic action which involved wellington s infantry in some of the most savage hand to hand fighting of the whole peninsular war at appalling cost in a nightmare assault during the night of the 6 april 1812 wellington s soldiers hacked their way over the bodies of their dead and wounded and through the huge medieval walls of the town these were held with great tenacity skill and courage by a resolute french and german garrison having stormed the town the battle crazed army went berserk and the horrors of the sacking which followed as much as the sublime courage of the attackers have passed into legend

over two hundred years ago on 21 june 1813 just southwest of vitoria in northern spain the british portuguese and spanish army commanded by the duke of wellington confronted the french army of napoleon s brother joseph hours later wellington s forces won an overwhelming victory and after six years of bitter occupation the french were ousted from iberia this is the critical battle that carole divall focuses on in this vivid scholarly study of the last phase of the peninsular war the battle was the pivotal event of the 1813 campaign it was fatal to french interests in spain but it is also significant because it demonstrated wellington s confidence in his allied army and in himself the complexity of the manoeuvres he expected his men to carry out and the shrewd strategic planning that preceded the battle were quite remarkable as well as giving a graphic close description of each stage of the battle carole divall sets it in the wider scope of the peninsular war through the graphic recollections of the men who were there from commanders to the merest foot soldiers she offers us a direct insight into the reality of combat during the napoleonic wars

despite the bewildering number of tomes devoted to the napoleonic wars much basic data as been hitherto unavailable to anyone other than the most ardent scholars mcguigan and burnham have collected a tremendous treasure trove of information in a readily accessible form other books may tell you how many regiments were sent on the expedition to hanover in 1805 but the british army against napoleon will tell you where every single regiment in the british army was stationed who were their honorary colonels and give you a list of all the barracks in britain with the number of men they were designed to hold where else will you find not just the pay of different ranked officers but the amount of income tax they paid as well as all the other deductions and stoppages that reduced their actual receipts to a fraction of their nominal and generally quite low pay or pension charts for widows there are tables that list all the recipients of the honours and awards issued casualties in action and disease seniority of officers of the numerous expeditions and campaigns a matter not just of curiosity but of major significance for the date of rank of an officer determined who commanded the force and all of its sub units the material in these tables has been collected from countless primary sources and official publications such as the army list london gazette wellington s dispatches regimental histories artillery manuals and handbooks
