palestine west bank and gaza investment and business profile basic information and contacts for successful investment and business activity

markus bouillon's book makes an important and original contribution to the literature on the middle east peace process. it is based on extensive and imaginative research and it is packed with new and fascinating material. bouillon places the behaviour of the elites under an uncompromising lens. his work serves as a useful corrective to the conventional wisdom by highlighting the negative effects of the peace process for all but the elites in israel, jordan and the palestinian territories. avi shlaim (oxford university) the first full length authoritative account of the various dimensions of business in the context of arab israeli peace. an empirically dense and nuanced analysis. james piscatori (oxford university)

fintech is encouraging various new practices such as diminishing the use of cash in different countries, increasing rate of mobile payments and introducing new algorithms for high frequency trading across national boundaries. it is paving the way for new technologies emerging in the information technology scene that allow financial service firms to automate existing business processes and offer new products including crowdfunding or peer to peer insurance. these new products cater to hybrid client interaction and customer self services changing the ecosystem by increasing outsourcing for focused specialization by resizing and leading to new ecosystems and new regulations for encouraging fintech. however, such new ecosystems are also accompanied by new challenges innovative strategies for implementing fintech in banking provides emerging research exploring the theoretical and practical aspects of technology inclusion in the financial sector and applications within global financing it

provides a clear direction for the effective implementation of fintech initiatives programs for improving banking financial processes financial organizational learning and performance excellence featuring coverage on a broad range of topics such as artificial intelligence social financing and customer satisfaction this book encourages the management of the financial industry to take a proactive attitude toward fintech resulting in a better decision making capability that will support financial organizations in their journey towards becoming fintech based organizations as such this book is ideally designed for financial analysts finance managers finance administrators banking professionals it consultants researchers academics students and practitio

palestinian history differs markedly from that of other parts of the world causing many to treat it as a thing apart with its own special logic requiring its own mode of analysis contributors to this anthology however believe that palestinian structures and processes can be analyzed satisfactorily with the help of concepts and methods used in the social sciences while at the same time giving due weight to their specific features according to roger owen editor the book consists of four studies of economic and social history plus an introduction by roger owen other authors and articles are alexander schöch european penetration and the economic development of palestine 1856 1882 sarah graham brown the political economy of the jabal nablus 1929 1948 salim tamari factionalism and class formation in recent palestinian history and avi plascov jordan s border in habitants the forsaken palestinians

jeff halper s book like his life s work is an inspiration drawing on his many years of directly challenging israel s treatment of the palestinians he offers one of the most insightful analyses of the occupation i ve read his voice cries out to be heard jonathan cook author of blood and religion 2006 and israel and the clash of civilisations 2008 in this book the israeli anthropologist and activist jeff halper throws a harsh light on the israeli palestinian conflict from the point of view of a critical insider while the zionist founders of israel created a vibrant society culture and economy they did so at a high price israel could not maintain its exclusive jewish character without imposing on the country s palestinian population policies of ethnic cleansing occupation and discrimination expressed most graphically in its ongoing demolition of thousands of palestinian homes both inside israel and in the occupied territories an israeli in palestine records halper s journey beyond the membrane that shields his people from the harsh realities of palestinian life to his discovery that he was actually living in another country palestine without dismissing the legitimacy of his own country he realises that israel is defined by its oppressive relationship to the palestinians pleading for a view of israel as a real living country which must by necessity evolve and change halper asks whether the idea of an ethnically pure jewish state is still viable more to the point he offers ways in which israel can redeem itself through a cultural zionism upon which regional peace and reconciliation are attainable
