often obscured in the history of the nineteenth century us mexico borderlands european born entrepreneurs played a definitive role in pushing the rio grande borderlands into atlantic markets these borderlands entrepreneurs tried to transform the lower rio grande and its surroundings from a regional crossroads of trade to a hub of the atlantic economy though they were often stymied by mismanagement notions of ethnic and cultural superiority and eruptions of violence these entrepreneurs persistently attempted to remake the region into a modern commercial utopia their actions challenged united states imperial expansion into the rio grande borderlands as they tried to modernize the region according to european cultural precepts through constructing colonies populated with europeans building strong networks of local and global significance and striving to dominate trade in the region globalizing the

lower rio grande reframes the narrative of the borderlands through the perspectives of europeans who actively shaped the historical trajectory of the region it highlights the actions of folks like english born john c beales who convinced a party of europeans to trek overseas and overland to the isolated las moras creek to build a colony from scratch alexander bourgeois d orvanne former mayor of elichy la garenne in france who manipulated powerful french and german leaders to support a settlement scheme on the rio grande spanish born josé san román and the way he constructed massive transatlantic networks of credit and exchange and joseph kleiber from strasbourg who facilitated the construction of a european owned railroad line along the rio grande though ultimately undermined and outmaneuvered by their american rivals european born borderlands entrepreneurs like these collectively globalized the lower rio grande

the common theme that links the six contributions to this volume is the emphasis on students inferred mathematical experiences as the starting point in the theory building process the focus in five of the chapters is primarily cognitive and addresses the processes by which students construct increasingly sophisticated mathematical ways of knowing the conceptual constructions addressed include multiplicative notions fractions algebra and the fundamental theorem of calculus the primary goal in each of these chapters is to account for meaningful mathematical learning learning that involves the construction of experientially real mathematical objects the theoretical constructs that emerge from the authors intensive analyses of students mathematical activity can be used to anticipate problems that might arise in learning teaching situations and to plan solutions to them the issues discussed include the crucial role of language and symbols and the importance of dynamic imagery the remaining chapter complements the other contributors cognitive focus by bringing to the fore the social dimension of mathematical development he focuses on the negotiation of mathematical meaning thereby locating students in ongoing classroom interactions and the classroom microculture mathematical learning can then be seen to be both an individual and a collective process

jo mcdougall brings a poet s sensibility to memoir recounting five generations of delta rice farmers through family archives and oral histories she traces how the clan made their way into the fabric of america beginning with her belgian immigrant grandfather a pioneer rice farmer on the arkansas delta at the turn of the twentieth century as john grisham has for a 1950s arkansas cotton farm mcdougall illuminates an arkansas rice farm in the 1930s and 1940s the garot family s acreage near dewitt and the town itself provide the stage for mcdougall s wry compelling and layered account of the day to day of rice growing on the farm that her father inherited in that setting she discovers a rich universe of words in the great depression comes of age during world war ii and finds her way alongside that whole quirky compelling cast of characters that comprised her kin in this conflicted ironic southern but universal account of betrayal heartbreak loss and joy the vagaries and the grace of the land join forces with the power of money as family

bonds are both forged and dissolved deeply felt unsentimental and often humorous daddy s money presents mcdougall s life and the lives of her relatives in the way that all our lives are eventually framed as stories when all else is lost the author maintains the stories remain
