Do you have what it takes to solve veterinary cases in this book? You won't just find a flurry of cute animal stories and you won't learn mere facts about animal health. You'll learn something more important and more exciting: how to think like a veterinarian! Go through real animal cases complete with x rays, bloodwork panels and more, then choose tests, make diagnoses and pick a treatment plan. The real work of a veterinarian is a lot like the work of a detective: it involves reasoning through case mysteries based on observations and uses clues gathered from tests to find a solution and fix a problem. Between these pages, you'll find interactive cases to work through as you learn critical thinking skills involving inductive and deductive logic. But keep your eyes open: you may be in for a few surprises! The info from this book, distilled from years of practicing vet medicine, would have been a huge help to me preparing for vet school. The author.
