this book untangles the components of police education and advocates a robust community based training model with significant civilian oversight the recommended approach recognizes

that the citizenry needs to be included in the provision of basic police education for it is they who must both support and be served by their police the police must be role models for society demonstrating that freedom and rights come with obligations both to the community as a whole and to individuals in need within that community ultimately the quality of police training and the public s safety depend not only on the leadership of police executives as well as the quality of educational institutions and police candidates but also on the building of a community s trust in its police the issues of police recruitment education and retention have greater consequence in an era when protests and other signs of negativity surround law enforcement several incidents including most notably george floyd s murder by police have sparked new training initiatives regarding police de escalation and community engagement at the same time the proliferation of gun violence and a contentious political climate have led some officers to refrain from undertaking proactive types of policing in this context reform of the police education system is urgent this book examines police training at all levels of government local regional state and federal in addition citizen participation programs including the role of the media and programs for furthering law related education lre are highlighted the proposed police education model recognizes that ordinary members of the american public need to contribute to the provision of basic police education for it is they who must both support and be served by their police the focus is on teaching a guardian style of policing at the local level police education would combine higher education necessary practical proficiencies and intensive field experiences through a gradual level of greater responsibility likely extending over a 2 plus year period for trainees with less than a year of previous college credits this book will be of interest to a wide range of audiences such as law enforcement professionals and trainers including those in executive development programs in police departments community leaders scholars and policy experts who specialize in policing concerned citizens and students of criminal justice especially those interested in police organization and management criminal justice policy and the historical development of police

for more than two centuries the u s supreme court has provided a battleground for nearly every controversial issue in our nations history this veteran team of talented historians produces the most readable astute and up to date single volume history of this venerated institution

this book represents a prodigious study of judgment recognition practices in the central american states and is for that reason alone an important and needed contribution to comparative law distinguished legal scholar robert c casad details the history and present arrangements in central america compares the central american system to interstate judgment recognition arrangements in the u s and the european economic community and considers important suggestions for reform in central america this book brings together for the first time in one source translated into english the texts of the relevant code provisions of each of the six central american countries as well as the text of the bustamante code the multi lateral treaty and the european economic community judgment recognition convention

advantages of intergovernmental programs and arrangements in the area of local law enforcement and the means for implementing such programs smaller police jurisdictions face ever

increasing problems in view of continually rising operational costs and the fact that the criminal in a modern vehicle is no respecter of jurisdictional boundaries this work discusses the problem and suggests solutions through coordination or consolidation of various units the author begins with a brief overview of the quality and quantity of service of several police agencies representative of metropolitan areas after covering areas that he believes to be below required levels he discusses various means by which regional law enforcement programs might be organized to greater advantage functions such as the following are analyzed in terms of their capability of being performed on an area wide basis recruitment and training of personnel planning and research operations management of records communications detention laboratory services criminal investigation vice repression juvenile delinquency control and special task force operations numerous examples of coordinated or consolidated programs currently in operation are cited throughout the discussion there is emphasis on reorganization and integration of police services but without unnecessary sacrifice of local control
