helna töth considers exile in the aftermath of the revolutions of 1848 9 as a european phenomenon with global dimensions

friedrich hecker 1811 1881 lived the first half of his life in the grand duchy of baden a small state in southern germany he was a major leader of a rebellion on behalf of the german republican movement in 1848 but his defeat forced him into exile in america there he spent the second

half of his life as a farmer in southern illinois helping to found the republican party and campaigning among his countrymen in local and national elections during the civil war he served bravely fighting in some of the most important battles although much better known in germany than in america he founded a remarkable family in the midwest that is still flourishing and is a major example of the melding of the european and american traditions of liberty the work draws heavily from original sources including letters and diaries at the western historical manuscript collection the missouri historical society and the st louis mercantile library

historians and biographers have struggled to reconcile these seemingly contradictory tendencies tuchinsky s history of the tribune by placing the newspaper and its ideology squarely within the political economic and intellectual climate of civil war era america illustrates the connection between socialist reform and mainstream political thought it was democratic socialism favoring free labor and bridging the divide between individualism and collectivism that allowed greeley s tribune to forge a coalition of such disparate elements as the old whigs new free soil men labor and staunch abolitionists this progressive coalition helped ensure the political success of the republican party indeed even in 1860 proslavery ideologue george fitzhugh referred to socialism as greeley s lost book the overlooked but crucial source of the tribune s and by extension the republican party s antagonism toward slavery and its more general free labor ideology

throughout its existence the national german american alliance was not only an important cultural institution in the german american community but also one of the principal organized opponents ethnic or otherwise to those organizations in the state agitating for the control or prohibition of liquor it is hard to conceive of any history of the political struggles over prohibition and temperance legislation of the time ignoring the efforts of the alliance in opposition to such legislation yet it is surprising how little has been written on the national german american alliance and its state and local affiliates there have been a number of books and articles on either the national organization or one or the other of its local branches but few of those studies have analyzed closely the significance of the anti prohibition activism of the alliance in the minds of its members and supporters and in the minds of its opponents for many german americans the anti prohibition agitation of the alliance was the principal justification for its existence another purpose of this book is to describe the weltanschauung of the alliance leadership and its reaction to the pressures of assimilation as it endeavored to meet the challenge of preserving german culture in an ethnic community rapidly being assimilated
