nowhere was the linguistic diversity of the new world more extreme than in California where an extraordinary variety of village dwelling peoples spoke seventy eight mutually unintelligible languages this comprehensive illustrated handbook a major synthesis of more than 150 years of documentation and study reviews what we now know about California's indigenous languages Victor Golla outlines the basic structural features of more than two dozen language types and cites all the major sources both published and unpublished for the documentation of these languages from the earliest vocabularies collected by explorers and missionaries to the data amassed during the twentieth century by Alfred Kroeber and his colleagues to the extraordinary work of John P. Harrington and C. Hart Merriam Golla also devotes chapters to the role of language in reconstructing prehistory and to the intertwining of language and culture in pre-contact California societies making this work the first of its kind an essential reference on California's remarkable Indian languages

focusing specifically on teaching in grades 7-12 this comprehensive resource guide workbook involves readers interactively through discussions exercises vignettes and case studies with the why what how and how well of a performance based competency based criterion referenced approach to teaching explores instructional planning strategy implementation discipline legal issues and both student and teacher evaluation reflects the latest developments in cognitive learning theory the constructivist approach to learning social interactive learning the current school funding environment and the growing diversity of the student population emphasizes an eclectic model of teaching which encourages readers to choose effective approaches from a variety of possible teaching models connects strategies rather than teaching them as separate entities for prospective secondary school teachers grades 7-12
