Horizons of Understanding: Dimensions of Research in Science and Arts is a peer-reviewed multidisciplinary edited volume that bridges the worlds of science and arts. This groundbreaking collection of scholarly essays and articles explores how diverse fields from environmental science to literature, cognitive science to visual arts intersect and inform one another in transformative ways by encouraging dialogue between traditionally separate disciplines. The book challenges readers to think across boundaries and embrace an integrated approach to knowledge. Whether you're a scientist intrigued by creativity or an artist inspired by analytical inquiry, this volume offers compelling insights into the shared space between empirical discovery and expressive thought. Edited by Dr. Mizzanur Rahman and Dr. Pallabi Borah, this volume is a rich resource for researchers, students, and educators seeking a deeper understanding of interdisciplinary scholarship in the 21st century.
