reprint of the original first published in 1870

this book revolves around the idea that capitalism is not a democratic system and that a system of producer cooperatives or democratically managed enterprises gives rise to a new mode of production which is authentically socialist in essence and fully consistent with the ultimate rationale underlying marx s theoretical approach the author argues that the cooperative firm system outlined in this book offers a rich array of non economic benefits that justify its classification as a genuinely socialist entity with real potential for achieving true economic democracy
