the essence of this book is the description of those who fought there on a personal level and the tanks that took them into battle wright fought in this war and his perspective lends humanity should be added to any historical library particularly if a reader is interested in american military operations in iraq military history chronicles during the iraq war the u s army found itself in a very similar situation to the 1st air mobile cavalry division during the vietnam conflict facing an enemy who knew the terrain and was determined to fight for their cause the difference between the two conflicts is that american forces could not take full advantage of armor superiority in vietnam for the infantry to truly be effective and dominant they need to have the backing of tanks enabling them to continue dismounted operations overwatched by tanks

the history and battle techniques of the army's armored core have been discussed in other military conflicts in depth but this will be the first full discussion of the role and usefulness of the tanks in Iraq analyzing battles that were completely shaped or significantly aided due to the presence and efficiency of armor units these units were well trained and well equipped and provided armored support and devastating firepower that the enemy could not easily counter they were such a powerful force that the insurgents in Iraq had to completely change their tactics to account for the Abrams that they were facing this work will attempt to illuminate the importance of the tanks themselves as well as the tankers who fought inside of them and show how valuable they were to the army and Operation Iraqi Freedom 2003-2009

the army recruiter's professional magazine

while this second edition of the autobiography of Stanton Oberg's Stan's life and times is also a short history of the United States during the Great Depression and also the history of the development of the forensic science with some inclusion of Sherlock Holmes in that history Stan's four years army service in the Counter Intelligence Corps at Baltimore Maryland and his weekend work with the Baltimore Police Crime Laboratory is reviewed in looking back at Stan's forensic science career one will find Stan handled one thousand cases testified in legal proceedings over 350 times Stan with his wife June as his administrative assistant attended 170 forensic science conferences in the US Canada and Europe Stan often was a conference speaker and four times served as conference chairman as Stan looks back at his career he finds that in some way or the other Stan has been involved in almost every important case during the wild 60s and 70s the assassinations of Pres John Kennedy Martin Luther King Jr and Robert Kennedy Chicago Police shooting raid on Black Panther headquarters and the SLA ambush shooting of Oakland School Superintendent with cyanide tipped bullets Stan's career also consisted of much investigation and testimony in the area of civil litigation gun accidents and gun safety designs this second edition of Stanton Oberg's Stan's autobiography has been greatly enlarged and expanded from the first edition the first edition had only sixty-nine photographs and illustrations while this second edition has some 156 photos and illustrations much additional detail has been added to the story of Stan's forensic laboratory and his operation as a forensic expert much detail has also been added to the descriptions of his most famous national cases a table of contents has been added for the reader's convenience

with more than 1,800 entries the encyclopedia of Louisville is the ultimate reference for Kentucky's largest city for more than 125 years the world's attention has turned to Louisville for the annual running of the Kentucky Derby on the first Saturday in May Louisville slugger bats still reign supreme in Major League Baseball the city was also the birthplace of the famed Hot Brown and Benedictine spread and the cheeseburger made its debut at Kaelin's restaurant on Newburg Road in 1934 the Happy Birthday had its origins in the Louisville kindergarten class of sisters Mildred Jane Hill and Patty Smith Hill named for King Louis XVI of France in appreciation for his assistance during the Revolutionary War Louisville was founded by George Rogers Clark in 1778 the city has been home to a number of men and women who changed the face of American history President Zachary Taylor was reared in surrounding Jefferson County and two U.S. Supreme Court justices were from the city proper second Lt. F. Scott Fitzgerald stationed at
