these new translations present plato s remarkable dramatizations of the
momentous events surrounding the trial of socrates on charges of irreligion and
corrupting the young

translations of four major works of ancient greek literature which treat the life
and thought of socrates focusing particularly on his trial and defense and on the
charges against him

the final days of socrates is a book of four dialogues by plato euthyphro apology
crito and phaedo centering as most of plato s dialogues do around socrates these
four dialogues cover the time leading up to socrates trial and through his death
and depiction of the afterlife euthyphro concerns socrates and euthyphro a
known so called religious expert as they try to determine a definition for piety
apology is plato s version of socrates speech as he defends himself against the
criminal charges of corrupting the youth and not believing in the same deities as
the state the crito is a dialogue between socrates and a friend about justice
injustice and the reaction to injustice finally phaedo one of plato s most famous
socratic dialogues depicts the death of socrates and his argument for the
existence of an afterlife all four works are also included in the cosimo omnibus
editions of the works of plato one of the greatest western philosophers who ever
lived plato c 428 347 b c was a student of socrates and teacher of aristotle plato
was greatly influenced by socrates teachings often using him as a character in
scripts and plays socratic dialogues which he used to demonstrate philosophical

ideas plato's dialogues were and still are used to teach a wide range of subjects including politics mathematics rhetoric logic and naturally philosophy

plato's account of socrates trial and death in 399 bc represents a significant moment in western literature as well as a watershed in the life of ancient athens in these four dialogues plato develops the socratic belief in responsibility for one's self and shows socrates condemned to suicide by his fellow athenians living and dying under his own philosophy in euthyphro socrates debates goodness outside the courthouse apology sees him in court rebutting all charges of impiety in crito he refuses an entreaty to escape from prison and in phaedo socrates faces his impending death with calmness and a skillful discussion of immortality

socrates c 470-399 bc was a classical greek philosopher credited as one of the founders of western philosophy and as being the first moral philosopher of the western ethical tradition of thought in 399 bc socrates went on trial and was subsequently found guilty of both corrupting the minds of the youth of athens and of impiety not believing in the gods of the state and as a punishment sentenced to death caused by the drinking of a mixture containing poison hemlock this collection written by plato his student recounts the final days of socrates life in four different books euthyphro is a socratic dialog whose events took place weeks before the trial of socrates the dialogue covers subjects such as the meaning of piety and justice and takes place near the court of the king magistrate for preliminary hearings of a possible trial the apology of socrates is the socratic dialogue that depicts the trial and presents his speech of legal self defence crito depicts a conversation between socrates and his wealthy friend crito regarding justice and the appropriate response to injustice socrates thinks that injustice may not be answered with injustice and refuses crito's offer to finance his escape from prison the dialogue contains an ancient statement of the social contract theory of government phaedo is set in the last hours prior to the death of socrates the philosophical subject of the dialogue is the immortality of

the soul in the dialogue socrates discusses the nature of the afterlife on his last day before being executed by drinking hemlock a must add collection that belongs in every bookshelf

tradition and autonomy in plato s euthyphro shows through detailed commentary that the purported opposition between tradition and autonomy is not a contradiction but rather a necessary tension in human and political life norman j fischer ii identifies the root of this tension and illuminates its various dimensions giving an account of tradition and piety that does justice to the autonomy implicit in philosophical inquiry this book demonstrates that the weakness in euthyphro s understanding of the relationship between generations is one of enmity and argues for a friendlier version of piety implicit in socrates suggestions actions and arguments in the dialogue fischer argues that this version reveals an understanding of the human soul that both opposes that of socrates accusers and sheds light upon the challenge that philosophy poses to the political community in this reading plato s euthyphro is part of the defense of socrates against the charges of impiety and corruption one that puts into clearer relief both the common grounds of politics and philosophy and the tensions between political life and the life of the mind

soon after its publication readings in ancient greek philosophy was hailed as the favorite to become the standard text for survey courses in ancient philosophy more than twenty years later that prediction has been borne out readings in ancient greek philosophy still stands as the leading anthology of its kind it is now stronger than ever the fifth edition of readings in ancient greek philosophy features a completely revised aristotle unit with new translations as well as a newly revised glossary the plato unit offers new translations of the meno and republic in the latter indirect dialogue is cast into direct dialogue for greater readability the presocratics unit has been re edited and streamlined and the pages of every unit have been completely reset apa newsletter for teaching
