sweeney todd the gruesome tale of a murderous barber and his pastry chef accomplice
is unquestionably strange subject matter for the musical theatre but eight tony awards
and enormous successes on broadway and the west end testify to its enduring
popularity with audiences written by hugh wheeler with music and lyrics by stephen
sondheim the musical premiered in 1979 and has seen numerous revivals including tim
burton s 2007 film version aaron c thomas addresses this darkly funny piece with fitting
humour taking on sweeney todd s chequered history and genre its treatment of
violence and cannibalism and its sexual politics

the responsibility to protect r2p is intended to provide an effective framework for
responding to crimes of genocide ethnic cleansing war crimes and crimes against
humanity it is a response to the many conscious shocking cases where atrocities on the
worst scale have occurred even during the post 1945 period when the united nations was
built to save us all from the scourge of genocide the r2p concept accords to sovereign
states and international institutions a responsibility to assist peoples who are at risk or
experiencing the worst atrocities r2p maintains that collective action should be taken by
members of the united nations to prevent or halt such gross violations of basic human
rights this handbook containing contributions from leading theorists and practitioners
including former foreign ministers and special advisors examines the progress that has
been made in the last 10 years it also looks forward to likely developments in the next
decade

whilst much has been written about the doors that technology can open for students less has been said about its impact on teachers and professors although technology undoubtedly brings with it huge opportunities within higher education there is also the fear that it will have a negative effect both on faculty and on teaching standards education is not an app offers a bold and provocative analysis of the economic context within which educational technology is being implemented not least the financial problems currently facing higher education institutions around the world the book emphasizes the issue of control as being a key factor in whether educational technology is used for good purposes or bad purposes arguing that technology has great potential if placed in caring hands whilst it is a guide to the newest developments in education technology it is also a book for those faculty technology professionals and higher education policy makers who want to understand the economic and pedagogical impact of technology on professors and students it advocates a path into the future based on faculty autonomy shared governance and concentration on the university's traditional role of promoting the common good offering the first critical in depth assessment of the political economy of education technology this book will serve as an invaluable guide to concerned faculty as well as to anyone with an interest in the future of higher education
