mormonism is one of the fastest growing religions in the world for those who have wondered in what specific ways mormonism differs from the christian faith mormonism 101 provides definitive answers examining the major tenets of mormon theology and comparing them with orthodox christian beliefs perfect for students of religion and anyone who wants to have answers when mormons come calling

the idea of predestination which seems to have a scriptural basis is actually a trojan horse while appearing to many to be a gift of grace it is actually full of deceptions and completely inconsistent to the plan of salvation holding that man has no free choice and that god has already selected a favored few of his children for salvation while committing the rest most of mankind to damnation regardless of merit to explore this subject with maximum clarity i will present the doctrine of predestination in sharp relief to the true doctrines of the wondrous plan of salvation for all mankind this presentation includes a detailed description of what the doctrine consists of it s origin and history the scriptural authority referenced to support the doctrine its implications and a discussion of how and why the idea of predestination is inconsistent and at odds with the gospel of jesus christ to better introduce this subject i begin the first chapter of this book with a personal experience an experience that heightened my own awareness of the issue
