in a lively and often entertaining book an international authority on bilingualism son of an english mother and a french father explores the many facets of bilingualism in this book francois grosjean draws on research interviews autobiographies and the engaging examples of bilingual authors he describes the various strategies some useful some not used by parents raising bilingual children explains how children easily pick up and forget languages and considers how bilingualism affects the experience of emotions thoughts and dreams book jacket

many people consider bilinguals to be exceptional yet almost half the world's population speaks more than one language bilingualism is found in every country of the world in every class of society in all age groups life with two languages is the first book to provide a complete and authoritative look at the nature of the bilingual experience fran ois grosjean himself a bilingual covers the topic from each of its many angles in order to provide a balanced introduction to this fascinating phenomenon grosjean discusses the political and social situations that arise when languages come into contact and the policies nations have established toward their linguistic minorities in the domains of education and governance of particular interest is his detailed account of the psychological and social factors that lead a bilingual to choose one of her languages when speaking to another bilingual or to use both languages in the fascinating phenomenon of code switching the author explains how children become bilingual as quickly as they become monolingual describes the organization of languages in the bilingual brain and examines the legacy of bilingualism on language as exemplified in word borrowings above all life with two languages puts the emphasis on the bilingual person in a series of first hand reports scattered throughout the book bilinguals tell what it is like to live with two languages and describe the educational and social experiences they have undergone written in a clear and informative style life with two languages will appeal to professionals and students in linguistics education sociology and psychology as well as to the more casually curious

eleven critical issues in the study of bilingualism insightful analyses by renowned expert fran ois grosjean the majority of people living around the world today are able to speak more than one language yet many aspects of the nature and experience of bilingualism raise unresolved questions for researchers who exactly is bilingual what is the extent of bilingualism how do infant bilinguals who acquire two languages at the same time manage to separate them does language processing work differently when bilinguals are interacting with monolinguals and with bilinguals when a speaker changes their language do they also change aspects of their personality in the mysteries of bilingualism eminent scholar fran ois grosjean provides a

comprehensive examination of individual bilingualism that delves into unanswered questions and challenges many of the myths and misconceptions surrounding bilingualism through insightful analyses of eleven key questions this book offers a unique combination of personal reflection literature review personal testimony and case studies to explore these mysteries altogether this text offers comprehensive explorations of the linguistic aspects of bilingualism including who is bilingual describing bilinguals accented speech and language loss practical discussions of speech and language processing including language choice and mixed speech perception and production in depth examinations of personality and culture in relation to bilingualism and biculturalism perfect for undergraduate and graduate students of bilingualism multilingualism second language acquisition and applied linguistics the mysteries of bilingualism offers an up to date view of the leading research questions in the study of bilingualism today

this book explores the life and experiences of one of the world's most renowned and well respected experts in bilingualism fran ois grosjean takes us through his life from his monolingual childhood in a small village outside paris to the long periods of time he spent in switzerland england france and the united states becoming bilingual and bicultural in the process during his life his dominant language has changed many times between english and french and he has also acquired and subsequently lost other languages including american sign language throughout the book he combines his personal accounts and anecdotes with insights from and reflections on his extensive scholarly research in bilingualism and biculturalism which has in turn been heavily influenced by his own experiences written in an engaging and accessible style the book will appeal to general readers interested in bilingualism and language contact educators and parents of bilingual children researchers working on bilingualism and to bilinguals themselves

even though more than half the world's population is bilingual the study of bilinguals has lagged behind that of monolinguals with this book which draws on twenty five years of the author's research fran ois grosjean contributes significantly to redressing the balance the volume covers four areas of research the definition and characterization of the bilingual person the perception and production of spoken language by bilinguals the sign oral bilingualism of the deaf and methodological and conceptual issues in research on bilingualism while the author takes a largely psycholinguistic approach his acute linguistic and sociolinguistic awareness is evident throughout and especially so in his reflections on what it means to be bilingual and

bicultural the book also defends increased co operation among researchers in connecting fields such as the language sciences and the neurosciences

a book on those who know and use two or more languages who are they how do they do it
