unlike jehovah s witnesses who deny the trinity by demoting jesus to a mere man the jesus only churches deny the trinity by claiming that there is only one god and that jesus is the father and the holy spirit jesus only churches not only require baptism for salvation but also stipulate that it must be baptism in the name of the lord jesus christ only and not in the name of the father the son and the holy

spirit thus these churches distort the gospel and the historic orthodox understanding of Jesus why this series this is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning because you may not have the time or opportunity to research these movements fully these books provide essential and reliable information and insights for their spiritual journeys the second wave of books in this series addresses a broad range of spiritual beliefs from non trinitarian christian sects to witchcraft and neo paganism to classic non christian religions such as buddhism and hinduism all books but the summary volume truth and error contain five sections a concise introduction to the group being surveyed an overview of the group's theology in its own words tips for witnessing effectively to members of the group a bibliography with sources for further study a comparison chart that shows the essential differences between biblical christianity and the group truth and error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes three distinctives make this series especially useful to readers information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details information is presented in a clear easy to follow outline form with menu bar running heads this format greatly assists the reader in quickly locating topics and details of interest each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text the writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood

grounded in primary source research this boldly revisionist book examines the doctrine of salvation in oneness pentecostalism united pentecostal church from its origins through its several developmental stages the gradual rise of a literal interpretation of Acts 2:38 eliminated a tradition of doctrinal diversity within oneness thought which regarded salvation as occurring at repentance prior to water and spirit baptism with this development a main link to the wider stream of evangelical christianity was severed the water and spirit theology resulted in a form of christianity which does not necessarily require the cross in any meaningful sense for salvation this study recovers the lost theological tradition associated with important figures such as Howard A. Goss, A. D. Gurley, W. M. Greer, C. H. Tadon Wynn, T. Stairs, Earl Jacques, E. P. Wickens, John Paterson and the pentecostal church incorporated combining traditional historical methodology and theological research with the principles of a broadly based oral history this study argues for a theological diversity within the history of oneness pentecostalism and in so doing bridges an important gap in the history and theology of the united pentecostal church
