Upton Sinclair's *The Journal of Arthur Stirling* is a compelling narrative that explores the intricacies of identity, memory, and social conscience within a broader historical framework. With its rich introspective style, Sinclair intertwines elements of realism and symbolism, offering readers a poignant glimpse into the life of Arthur Stirling against the backdrop of early 20th-century America. The book serves as both a reflection on personal struggles and a critique of the socio-political climate, encapsulating Sinclair's characteristic desire to stir the moral conscience of society through literature. Sinclair, an acclaimed author known for his progressive social activism, was deeply influenced by his early experiences with poverty and labor conditions in America. His commitment to social justice and reform is evident throughout his works, including the more famous *The Jungle*. In this lesser-known yet profound narrative, Sinclair's personal convictions and acute awareness of the human condition drive him to delve into the psychological ramifications of self-discovery, making Stirling's journey emblematic of broader human struggles. This book is highly recommended for readers seeking a nuanced exploration of personal and societal dilemmas through the lens of a master storyteller. Sinclair's blend of intimate reflection and social critique invites us to ponder the depths of our own identities while confronting the shadows of history. *The Journal of Arthur Stirling* promises to resonate with anyone interested in the intricate dance between the self and society.

*A Times Literary Supplement's Book of the Year 2020, a New Statesman's Best Book of 2020, a Bloomberg's Best Book of 2020, a Guardian Best Book about Ideas of 2020.* The world-renowned philosopher and author of the bestselling *Justice* explores the central question of our time: what has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the American credo that you can make it if you try. The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization and led to deep distrust of both government and our fellow citizens, leaving us morally unprepared to face the profound challenges of our time. World-renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a

meritocracy generates among the winners and the harsh judgement it imposes on those left behind and traces the dire consequences across a wide swath of american life he offers an alternative way of thinking about success more attentive to the role of luck in human affairs more conducive to an ethic of humility and solidarity and more affirming of the dignity of work the tyranny of merit points us toward a hopeful vision of a new politics of the common good

this volume of new essays focuses on the increasing relevance of intergenerational ethics to key challenges of the 21st century such as climate change rapid technological change the expanding human population and threats of extinction it features philosophers and political theorists of international standing providing a cutting edge perspective on these issues

radical democracy addresses the loss of faith in conventional party politics and argues for new ways of thinking about diversity liberty and civic responsibility the cultural and social theorists in radical democracy broaden the discussion beyond the conventional and conservative rhetoric by investigating the applicability of radical democracy in the united states issues debated include whether democracy is primarily a form of decision making or an instrument of popular empowerment and whether democracy constitutes an abstract ideal or an achievable goal

cameroon s suboptimal economic experience since independence 1960 sheds light on broader issues of africa s development narrative and provides valuable economic and policy knowledge while cameroon s large informal economy is diverse and resilient and rooted in old business traditions its formal economy has exhibited low productivity and employment growth for over 60 years this has brought anger disappointment and violent conflict in several regions of the country the oxford handbook of the economy of cameroon examines the reasons of cameroon s unsatisfactory economic performance and draws lessons from successful development experience to help tackle these issues the handbook provides a critical assessment of the history patterns and strategies of economic development in cameroon and outlines new approaches to economic enquiry for prosperity and social change through cameroon s governance story the handbook analyzes the evolving conceptions of economic policy takes stock of intellectual progress documents the challenges of implementation and outlines the intellectual and policy agenda ahead for a developing country increases in per capita income arise from advances in technology arise from closing the knowledge and technology gap with those at the frontier and within any country especially one like cameroon there is enormous scope for productivity improvement simply by

closing the gap between best practices and average practices standards of living can therefore be improved through the implementation of pertinent learning strategies in this oxford handbook of the economy of cameroon an international team of leading development economists and researchers address the wide range of issues facing cameroon and provide guiding principles on how best the country and other developing nations could move human capital and financial resources from low to high productivity sectors in a constantly changing global economy

in tyranny s ally david wurmser shows that current u s policy will never bring down saddam hussein s regime all our previous efforts have failed because they targeted only the tyrant not the institution of tyranny in iraq and in the region by tolerating centralized statist oppression the united states has assisted totalitarian despots and promoted the violent politics and social demolition that attend such predatory regimes grounding his thesis in historical and contemporary analysis written in a clear and compelling prose wurmser outlines credible and effective strategies for u s policy makers to adopt

upton sinclair s the greatest works of upton sinclair is a compelling anthology that showcases the author s pivotal role in early 20th century american literature and social commentary spanning a variety of genres including social realism journalism and fiction this collection encompasses notable works such as the jungle which exposes the brutal conditions of the meatpacking industry and oil a sharp critique of american capitalism and greed sinclair s writing style is characterized by vivid imagery and a straightforward narrative reflecting both the industrial pace of the era and a deep moral urgency that calls for social activism each piece is a lens into the darker sides of american society urging readers to confront uncomfortable truths about labor exploitation and reform movements of the time upton sinclair 1878 1968 was a tireless advocate for social justice influenced by his upbringing in a working class family his experiences witnessing poverty and exploitation in urban america fueled his commitment to exposing societal injustices with a journalistic background sinclair combined fiction and factual observation effectively prompting public discourse on labor rights and economic reform his staunch advocacy for socialism and criticism of capitalist practices positioned him as a controversial yet essential figure in american letters this anthology is not merely an academic collection but an essential reading for anyone interested in the historical and ethical underpinnings of modern america sinclair s potent prose not only entertains but also educates making it pivotal for understanding contemporary issues of inequality and corporate power readers seeking both literary and moral depth will find in sinclair s works a call to action that

resonates with today's socio political climate
