filled with examples that reflect the diversity of the world we live in erber s accessible yet science based book focuses on research and theory that add to our understanding of aging and older adulthood erber organizes the book around complementary big point of view theories that focus on successful aging and successful adaptation

such as selective optimization with compensation as well as on those that emphasize matching the person's competencies with demands of the environment such as the ecological model to ensure that students acquire a big picture understanding of the theory's application. Erber closes each chapter with a discussion of these theoretical models.

The Law of Photography and Digital Images provides in a single volume a text for legal practitioners covering all areas of law relevant to photography. It combines coverage of core topics such as copyright and passing off with those where the law remains grey and relatively untested such as the internet and implications of the Human Rights Act 1998. The work is divided into three parts: rights in the image, place and subject matter of photographs and use of photographs. Topics covered include moral rights, trade marks, reporting restrictions, privacy, trespass, harassment, obscenity and data protection. There is detailed consideration of problems specific to photographs within each area of law, together with an overview of the general principles. There is also detailed consideration of decisions of the Press Complaints Commission and the Advertising Standards Authority.

A collection of essays that discuss visual messages that harm and perpetuate misleading myths about members of various culture groups.

Whether you're an artist or not, this book will give you a working knowledge of digital image concepts. It discusses what software programs are used for various images and covers computer art concepts such as scanning and resolution. It then covers how to create your own digital images or obtain existing ones and describes how to manipulate computer pictures and how to produce them.

A cumulative list of works represented by Library of Congress printed cards.
