a challenging new look at the great thinkers whose ideas have shaped our civilization from socrates to sartre presents a rousing and readable introduction to the lives and times of the great philosophers this thought provoking book takes us from the inception of western society in plato's athens to today when the commanding power of marxism has captured one third of the world t z lavine elton professor of philosophy at george washington university makes philosophy come alive with astonishing clarity to give us a deeper more meaningful understanding of ourselves and our times from socrates to sartre discusses western philosophers in terms of the historical and intellectual environment which influenced them and it connects their lasting ideas to the public and private choices we face in america today from socrates to sartre formed the basis of from the pbs television series of the same name

the central concern of this book first published in 1966 and now reprinted is to show the hard core of philosophic argument which runs through all sartre s works and which marks him more than any other single feature of his writings as one of the great figures of our time mr manser s critical exposition of sartre s thought seeks to avoid terms which bring with them pre conceived attitudes and to help the reader to judge for himself the strengths and weaknesses of the ideas presented

this unique selection presents the essential elements of sartre s lifework organized systematically and made available in one volume for the first time in any language

this introduction traces the philosophical achievements of a thinker so influential that his death in 1980 brought 50 000 people on to the streets of paris the account of jean paul sartre writer journalist and intellectual cornerstone of the 20th century stretches from his early existential phase to his later marxist beliefs with coverage of such major contemporary issues human liberty sociobiology the ethics of work and the influence of genetics on ideas of individual freedom neil levy uses a range of original material not only to introduce sartre and his work but also to highlight his continuing relevance to today s moral and scientific climate at the heart of his study is a focus on the ethical dimension of jean paul sartre s philosophical thought a focus which challenges us to consider more closely the shape of our lives and the manner in which human beings should treat one another

philosophy for busy people read a succinct account of the philosophy of sartre in just one hour

div Jean Paul Sartre s most influential existentialist work *Being and Nothingness* broken down into its most fertile ideas in *From Freedom to Freedom* condemned Sartre s most influential work *Being and Nothingness* is laid bare presenting the philosopher s key ideas regarding existentialism covering the philosophers Hegel Heidegger and Husserl and mulling over such topics as love god death and freedom to freedom condemned goes on to consider Sartre s treatment of the complexities around human existence div div div div

playwright novelist political theorist literary critic and philosopher Jean Paul Sartre 1905-80 remains an iconic figure this book examines his philosophical ideas and methods it is an introductory guide for the student who wishes to understand Sartre s philosophical argumentation it reconstructs in plain language key instances of Sartre s philosophical reasoning at work and shows how certain questions arise for Sartre and what philosophical tools he uses to address those questions each chapter considers a range of issues in the Sartrean corpus including his conception of phenomenology the question of self identity the Sartrean view of conscious beings his understanding of the self his theory of value human action as both the originator and the outcome of social processes dialectical reason and his conception of artistic activity hatzimoysis uncovers the philosophical argumentation identifies Sartre s most important philosophical ideas and addresses the arguments in which those ideas are employed readers are able

to get a real understanding of sartre s approach to the activity of philosophising and how his method favours certain types of philosophical analysis

prominent french philosophical thinkers of the nineteenth and twentieth centuries

this landmark book first published in 1979 met acclaim as a doubly important work of radical philosophy its subject jean paul sartre was among the twentieth century s most controversial and influential philosophers its author istván mészáros was himself establishing a reputation for profound contributions to the marxian tradition which would continue into the next century the work of sartre was thus considered essential for its insights on sartre and as a piece of mészáros s developing politico philosophical project in this completely updated and expanded volume mészáros examines the manifold aspects of sartre s legacy as novelist playwright philosopher and political actor and in so doing casts light upon the entire oeuvre situating it within the historical and social context of sartre s time although critical of aspects of sartre s philosophy mészáros celebrates his unyielding commitment to the struggle against the power of capital and elucidates what this means for the individual in their search for freedom

from one of the 20th century s most profound philosophers and writers comes a thought provoking essay that seeks to reconcile marxism with existentialism exploring the complicated relationship the two philosophical schools of thought have with one another sartre supposes that the two are in fact compatible and complimentary towards one another with poignant analysis and reasoning an important work of modern philosophy search for a method has a major influence on the current perceptions of existentialism and marxism this is the most important philosophical work by sartre to be translated since being and nothingness james collings america

from the author s introduction as the sartre beauvoir story developed and became part of contemporary mythology it was increasingly filtered through two presumptions regarding the nature of the partnership one concerned sex the other philosophy the classic view of beauvoir encouraged by her own writing and by sartre s acquiescence has been one of sartre as womanizer and beauvoir as the patient loyal female victim the legend also consistently portrayed beauvoir as the midwife of sartre s philosophy rather than a thinker in her own right encouraging the view that her philosophical writings were mere echoes of the thoughts of her man but over the past 25 years big chunks of documentary evidence have become public which show that both of these traditional interpretations of the sartre beauvoir story are profoundly false it is now clear as this book explains that it was beauvoir s demand for sexual freedom that dictated the open terms of their relationship and that it fell to sartre at least as often as to beauvoir to perform the role of midwife for the other s philosophy jean paul sartre and simone de beauvoir were two of the most brilliant influential and scandalous intellectuals of the 20th century they are remembered as much for the lives they led as for their influence on the way we think their committed but notoriously open union created huge controversy in their lifetime and even before their deaths they had become one of history s legendary couples renowned for the passion daring humor and intellectual intensity of their relationship this fascinating book presents a biography of sartre and de

beauvoir's relationship and offers some highly original theories relating to the extent of de beauvoir's contribution to their shared ideas through a thorough examination of sartre and de beauvoir's major works the authors present a compelling story of their romantic and intellectual relationships

a revision of the author's thesis university of michigan 1969 bibliography p 154 161 includes index

jean paul sartre was one of the most important philosophers of the twentieth century his influence extends beyond academic philosophy to areas as diverse as anti colonial movements youth culture literary criticism and artistic developments around the world beginning with an introduction and biography of jean paul sartre by matthew c eshleman 42 chapters by a team of international contributors cover all the major aspects of sartre's thought in the following key areas sartre's philosophical and historical context sartre and phenomenology sartre existentialism and ontology sartre and ethics sartre and political theory aesthetics literature and biography sartre's engagements with other thinkers the sartrean mind is the most comprehensive collection on sartre published to date it is essential reading for students and researchers in philosophy as well as for those in related disciplines where sartre's work has continuing importance such as literature french studies and politics

forms of life and subjectivity rethinking sartre's philosophy explores the fundamental question of why we act as we do informed by an ontological and phenomenological approach and building mainly but not exclusively on the thought of sartre daniel rueda garrido considers the concept of a form of life as a term that bridges the gap between subjective identity and communities this first systematic ontology of forms of life seeks to understand why we act in certain ways and why we cling to certain identities such as nationalisms social movements cultural minorities racism or religion the answer as rueda garrido argues depends on an understanding of ourselves as forms of life that remains sensitive to the relationship between ontology and power between what we want to be and what we ought to be structured in seven chapters rueda garrido's investigation yields illuminating and timely discussions of conversion the constitution of subjectivity as an intersubjective self the distinction between imitation and reproduction the relationship between freedom and facticity and the dialectical process by which two particular ways of being and acting enter into a situation of assimilation resistance as exemplified by capitalist and artistic forms of life this ambitious and original work will be of great interest to scholars and students of philosophy social sciences cultural studies psychology and anthropology its wide ranging reflection on the human being and society will also appeal to the general reader of philosophy
