culinary landmarks is a definitive history and bibliography of canadian cookbooks from the beginning when *la cuisinière bourgeoise* was published in quebec city in 1825 to the mid twentieth century over the course of more than ten years elizabeth driver researched every cookbook published within the borders of present day canada whether a locally authored text or a canadian edition of a foreign work every type of recipe collection is included from trade publishers bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women s groups the entries for over 2 200 individual titles are arranged chronologically by their province or territory of publication revealing cooking and dining customs in each part of the country over 125 years full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books driver s excellent general introduction sets out the evolution of the cookbook genre in canada while brief introductions for each province identify regional differences in developments and trends four indexes and a chronology of canadian cookbook history provide other points of access to the wealth of material in this impressive reference book

canadian politics in the 1990s were characterized by an unwavering focus on the deficit at the beginning of the decade it seemed that fiscal deficits were intractable a fait accompli of canadian politics yet by the end of the decade ottawa had taken remarkable actions to eliminate its budgetary shortfalls and had successfully eradicated its deficits how such a radical change of political course came to pass is still not well understood in the long run we're all dead the canadian turn to fiscal restraint offers the first comprehensive scholarly account of this vital public policy issue lewis deftly analyzes the history of deficit finance from before confederation through canada s postwar keynesianism to the retrenchment of the mulroney and chrétien years in doing so he illuminates how the political conditions for ottawa s deficit elimination in the 1990s materialized after over 20 consecutive years in the red and how the decline of canadian keynesianism has made way for the emergence of politics organized around balanced budgets this important book provides scholars and students of canadian politics with a new framework by which to understand the adoption of government policy the economic and fiscal legacy of the mulroney administrations and the emergence of the new politics of the surplus it will be of great interest to those engaged with canadian politics political economy and public policy as well as to participants in policy processes and the informed public
