when i finished reading this book all i could say was wow what a stunning piece of literary work it is concise brilliantly written backed by scientific findings with clear human logic and intelligence if this doesn't awaken the masses to delve into who and what they truly are i can't imagine what will jerry issa teacher of metaphysics trenton michigan this book will change your life if you let it if we are accidental beings on a remote planet in a vast universe existing for merely a blip in cosmic time what's the point of living at all until we learn life is too significant to be a short lived brilliance that rises out of nothing and ends in nothing we will continue to live out our lives in what thoreau saw as quiet desperation we sense the materialistic wall when we ask the question is that all there is without resorting to miracles or magic this book provides compelling evidence of life beyond the physical world by logically investigating the limitations of matter in the universe by examining the gaps in scientific theories and by analyzing what the mystics already know about a spiritual existence it takes a dedicated seeker with no preconceived ideas and no intent on arriving to see beyond the materialistic wall this book is intended to expand your awareness of life here and hereafter hopefully providing the spark that will start you on your own personal pilgrimage the mystics tell us we will be guided to the next step along our spiritual path when we are ready are you ready awareness the following might be the thoughts of those at different levels of awareness as they walk through a rose garden i want i wonder how much

i could get for these roses i believe god created roses when he created the world and everything in it i doubt roses evolved from wild flowering shrubs but most garden varieties are hybrids i seek how could anything as beautiful as a rose happen purely by chance i know roses like all life on earth are physical manifestations of spirit
