the legendary greek figure orpheus was said to have possessed magical powers capable of moving all living and inanimate things through the sound of his lyre and voice over time the orphic theme has come to indicate the power of music to unsettle subvert and ultimately bring down oppressive realities in order to liberate the soul and expand human life without limits the liberating effect of music has been a particularly important theme in twentieth century african american literature the nine original essays in black orpheus examines the orphic theme in the fiction of such african american writers as jean toomer langston hughes claude mckay james baldwin nathaniel mackey sherley anne williams ann petry ntozake shange alice walker gayl jones and toni morrison the authors discussed in this volume depict music as a mystical shamanistic and spiritual power that can miraculously transform the realities of the soul and of the world here the musician

uses his or her music as a weapon to shield and protect his or her spirituality written by scholars of english music women s studies american studies cultural theory and black and africana studies the essays in this interdisciplinary collection ultimately explore the thematic linguistic structural presence of music in twentieth century african american fiction

the front office manual is unique providing clear and direct explanations of tools and techniques relevant to front office work from how to build a yield curve to how a swap works to what exactly product control is supposed to do this book is essential reading for anyone who works or wants to work on the sell side

this book brings together the office and office working as an economic construct as a business function as a building type and as a mode of work it explores social and economic relations and it traces the evolution of work and the environment and equipment needed to support it over the last 400 years in so doing it helps to fill a void in popular understanding of the office the role of the office has been examined over the past three years in ways that it has never been examined before whilst the existential crisis arising from covid 19 has settled somewhat there remain big questions over the future of office workers and office real estate this book is a timely well researched and fascinating contribution to the debate rob harris explores how the nature of work has changed and continues to change placing the events surrounding covid 19 into a longer term perspective and asking what is the future of the office will it go through a radical reinvention how will office work evolve in the future whither office buildings the book emphasises the continuum of change and that today s events are simply the latest stage of change rather than something entirely novel this book will be of interest to anyone with a stake in the built environment whether as an investor occupier owner manager or advisor it is equally accessible to those with a non technical background including students on courses such as economic history economics geography real estate and urban planning

clearing forms the core part of a smooth and efficiently functioning financial market infrastructure traditionally it has been provided by clearing houses most of which today act as a central counterparty ccp between the two sides of a trade the rapid growth of cross border trading has sparked discussion on the most efficient industry structure particularly in europe and the us at the heart of this discussion lies the question of whether the implementation of a single clearing house creates greater benefits than a more competitive but interlinked market structure this is the starting point for this book which analyses the efficiency of clearing and clearing industry structure along with clear cut definitions and a concise characterisation and descriptive analysis of the clearing industry the book determines the efficiency impact of various cross border integration and harmonisation initiatives between ccps this serves to identify the most preferable future structure for the clearing industry
