this is a definitive and comprehensive monograph on one of the 20th century's greatest architects geoffrey bawa whose influence has extended to garden and landscape design

describing 27 standards for sound evaluations of educational personnel at all levels this updated resource includes new and revised standards in depth explanations case studies and more

the story of two talented landscape designer brothers and their exquisite gardens set in the lush landscape of sri lanka the work of architect geoffrey bawa achieved a unique fusion of vernacular style and modern construction incorporating the lush tropical landscape of his native sri lanka although his architectural work and its influence have been well documented less attention has been paid to his work on gardens his most famous garden is the one he created for himself at his estate lunuganga and it is rivaled by brief the lesser known garden of his brother bevis evolving over several decades these two gardens and their outbuildings and sculptures represent high points of tropical design in which architecture and landscape are intertwined bawa the sri lanka gardens is the story of two brothers and their exquisite gardens it begins with an overview of sri lanka's rich horticultural tradition and the cultural background that inspired the bawas sensitive treatment of architecture and then records the familial relationship between geoffrey and bevis bawa and their distinctive individual differences and inspirations david robson takes the reader on a tour around brief and lunuganga through rich photo essays and revealing descriptions while glorious images reveal the aesthetic considerations and architectural mastery of the gardens creators

this book on a new architecture and urbanism development of indian traditions

builds on the contributions from various architects planners educationists decision makers others from across the world who gathered together to create a forum for the promotion of traditional processes and techniques for the creation of the built environment this forum was initiated by intbau india the international network for traditional building architecture and urbanism in india and supported by the nabha foundation this book presents the arguments axioms and case studies related to traditional architecture and urbanism in a sequential format firstly it examines the â oenew ways of looking at heritageâ by separating it from pure history into a living and evolving process the book looks at what defines traditional methods and their relevance to the contemporary context it also examines the aspects of continuity and contextual frameworks in the built environment the section on â oesustainable buildings places and communitiesâ explores the many facets of locally driven processes from the viewpoint of tradition and sustainability these include many community based planning methods and their applications in shaping the built environment aspects of environmental sustainability and on how appropriateness could be ingrained into current architectural education lastly the book delves into a number of executed examples in architecture seeking to learn from tradition and examples in â oeplace making urbanismâ which in turn promotes humane walkable and connected neighbourhoods

this report along with the fiji islands marine ecoregion fime report was launched at a function in early february that was hosted by the fiji country programme mr tomasi vakatora deputy chairman of vodafone s ath fiji foundation and guest speaker for the evening officially made these 2 reports publicly available thanking all partners for their contribution to the project in december 2003 over 80 scientists community members non government organization ngo representatives and government administrators and decision makers shared current scientific information on the biodiversity of and threats to fiji s marine environment the report setting priorities for marine conservation in the fiji islands marine ecoregion identifies 35 priority conservation areas which were agreed to by these stakeholders the 35 areas attempt to capture the full range of marine biodiversity species and communities that make fime unique if conserved these areas contribute to maintaining the integrity of fiji s marine systems in 2004 vodafone ath fiji foundation provided funding to wwf fcp and its partners to undertake a survey of the great sea reef the third longest barrier reef system in the world and one of the 35 priority conservation areas indentified this survey is the first ever systematic effort to document the marine biodiversity of this reef known locally as cakaulevu findings of the survey include the gsr having 55 of the known coral reef fish in fiji 74 of the known coral species in fiji 40 of all known marine flora in fiji and 44 of fiji s endemic reef species these and other remarkable findings are documented in the report fiji s great sea reef the first marine biodiversity survey of cakaulevu and associated coastal habitats the findings of the survey have provided part of the building block to the ecosystem based management ebm initiative a partnership between wildlife conservation society wcs as the lead wwf fcp wetlands international oceania wi o the university of the south pacific usp and in association with the fiji locally managed marine areas flmma the ebm area extends from macuata through the bua peninsula to kubulau this initiative aims to protect the marine environment by addressing land based threats to coral reefs and other marine habitats 80 of fiji s population live within 5 kilometers of the coast and depend heavily on their reefs as a primary source of protein functioning marine systems and productive fisheries are vitally important they are the key source of food income employment foreign exchange and cultures wwf fcp s march april 2006 socio economic

survey in the dreketi macuata sasa and mali districts part of the ebm initiative showed that 100 of households earn income from their natural resources marine freshwater forest and agriculture of these households 75 depend on these natural resource harvests as their main source of income local community residents of these districts traditionally fish two thirds of the vanua levu portion of the gsr the reef is therefore a major part of living their life and sourcing their livelihood the survey will contribute to better use planning of these collective inshore marine resources these reports contribute to the larger knowledge base of the nation s marine and coral reef systems and add further insights into these nature treasures this will guide us to better management for the benefit of people relying on marine resources in these waters ms kesaia tabunakawai wwf fiji country programme manager
