this volume explores schematic narrative templates a concept by james v wertsch
 examining how these templates shape national narratives and collective memory it includes
 contributions from various disciplines focusing on nationalism and memory in different
 cultural contexts

this book is derived from selected papers from the fourteenth international congress on
 mathematical education topic study group 12 teaching and learning statistics it describes
 recent research on curriculum pedagogy and outreach initiatives from countries as diverse
 as brazil chile columbia denmark germany the netherlands spain sweden thailand turkey
 the united kingdom and the united states the book has a focus on the use of data in the
 teaching and learning of statistics across grade levels and begins with an overview of the
 status of statistics education and the use of data from seven different countries across the
 continents and the link between research and practice in those countries because it
 contains specific examples of the research for example on the ways children learn the
 choice and implementation of tasks or the role of informal inference the book will be a great
 resource to those interested and involved in the teaching of statistics curriculum developers
 and statistics education researchers

desde el control de la enseñanza y de la cultura los nacionalistas catalanes y vascos se
 han dedicado de forma tenaz y sin complejos a levantar instrumentos y discursos de
 nacionalización negadores de la realidad común española todo ha sido potenciar crear e
 inventar identidades ajenas al sentimiento nacional español proyectando sus procesos
 particulares y excluyentes de nacionalización como alternativas frontales y contrapuestas a
 la nación española este empeño nacionalista en construir naciones requiere
 obligatoriamente un intenso adoctrinamiento escolar ninguna faceta de la enseñanza
 queda libre de él para ello cuentan con la colaboración de las editoriales nacionales de
 libros de texto escolares que presentan adaptaciones mutilaciones y ocultaciones sobre

todo de los símbolos y realidades del conjunto de la nación particulares en cada comunidad y con el fervor de las editoriales de inspiración nacionalista existentes en cada comunidad plenamente identificadas con los proyectos nacionalistas si a esto sumamos la pasividad total de la alta inspección del estado el panorama no puede ser más desesperanzador este libro se centra en estudiar los textos de ciencias sociales e historia en el país vasco y cataluña porque son los ejemplos más reales de la situación citada no significa que el exceso de particularismo y narcisismo empobrecedor y estéril se limite exclusivamente a las autonomías estudiadas pero es donde se alcanzan los mayores despropósitos se expone lo encontrado en libros y periódicos y desde estas páginas se apela a las conciencias de la ciudadanía para que tengan presente los riesgos de una enseñanza en la que por delante de valores como razón y libertad se anteponen las creencias y emocionalismos identitarios excluyentes quizá haya que plantearse si necesitamos una escuela que nos enseñe a vivir en libertad y responsabilidad y no unas aulas que nos inoculen el virus del odio así como la del insondable victimismo narcisista e identitario

la edad moderna es un período fundamental para la comprensión del mundo y de la sociedad actual sin embargo en españa existe una gran distancia entre los libros de texto y las propuestas curriculares ofrecidas en los centros de educación secundaria y el ritmo que sigue la investigación y la innovación en este campo conscientes de esta situación esta obra colectiva gira en torno a tres ejes vertebradores en primer lugar se abordan los contenidos en segundo lugar los métodos de enseñanza y en tercer lugar las imágenes y las representaciones muchas veces estereotipadas existentes sobre esta época en nuestro presente los tres bloques recogen numerosas aportaciones tanto desde planteamientos teóricos y de investigación renovados como de propuestas didácticas claras y útiles con las que se pretende contribuir a avanzar en la enseñanza de la edad moderna en la educación secundaria

drawing on research funded by the european commission this book explores how religious diversity has been and continues to be represented in cultural contexts in western europe particularly to teenagers in textbooks museums and exhibitions popular youth culture including tv and online as well as in political speech topics include the findings from focus group interviews with teenagers in schools across europe the representation of minority religions in museums migration and youth subculture
