human geography has been defined as the synthetic study of the relationship between human societies
and their environment the new edition of human geography is a textbook for geography students at the
university level it is primarily designed to introduce the discipline in a social science perspective it is
also the objective to identify the human problems and the role of man in shaping the face of the earth one
of the distinguishing features of the book is that it covers a wide canvas of human geography the text has
been written in a lucid cogent and convincing style and illustrated with appropriate maps and examples

from the developed and developing countries of the world the data about the human phenomena change rapidly in space and time in response to the changing facts of human geography and positive response from the civil services aspirants and the teachers of geography this edition has been revised thoroughly besides extensive updates in all the chapters two new chapters agricultural systems of the world and minerals and manufacturing have been added in the new edition documented with hundreds of maps and diagrams dozens of tables and plates the book shall be of immense help to the students teachers and researchers alike as with previous editions the book retains its comprehensive coverage that has made it an indispensable resource for students

the geographical study of urban areas has become a fascinating ground for the human geographers most of the early studies of urban geography followed the approach of the currently fashionable paradigm in recent years urban geographers have been among the leader in suggesting alternative geographical philosophies of times new concepts methodologies and approaches are emerging in this sub discipline of human geography consequently more and more new and interesting literature is being produced by urban geographers each of the papers is pioneer in nature and comprehensive in character the volume begins with historical perspectives on the city giving the overview of urban history to the students of urban social geography the urban mosaic the city in time and space has been followed in the next two papers respectively cities and their foundation vary from nation to nation and from region to region the next paper deals with the city in soviet union city often been referred as a living organism and this aspect has been vividly examined in the article entitled the city as a living space the demand for houses residential mobility and urban residential structure has been discussed in the seventh paper the major changes in the modern cities have been taken care of in the paper on change in the late 20th century city the last paper

gives the patterns and tendencies of urban settlements the behavioural and especially the structuralist arguments presented in the papers of this volume give a clear idea about the recent trends in urban geography the work it is hoped will serve the needs of those who are examining the processes and functions of urban growth and the problems associated with urbanization particularly in the third world countries

civil services are the most prestigious and accountable services in the country educated youths have a special attraction towards them the book tells you how to prepare for these exams this book eases most of the difficulties of the examinees

description of the book geography of india is one of the major subjects of upsc civil services both in preliminary and main examination for general knowledge and optional papers this is not only useful for humanities candidates but also a large number of science background civil service aspirants the book has also covered upsc syllabus and the university syllabus the successful preparation for the preliminary and mains examinations requires deep study of the relevant subjects the questions asked in both prelims and mains are highly at application level the content of this book was decided after a detailed analysis of previous question papers of upsc prelims and mains exams before finalizing the book feedback was taken by aspirants the entire book is divided into 19 units as per the upsc syllabus each unit being dealt with in a practical manner in addition to this each unit is supported by a large number of maps tables graphs relevant and recent statistical data and key points are provided throughout the text lastly the book provides previous years solved prelims questions on geography of india from 1991 to 2021 i hope it will be more useful to the reader in making the ideas clear this book is prepared based upon on my one and a half decade teaching experience both at university and competitive exam centers it is a reliable

comprehensive and up to date book on the subject it studies the availability and potential of various physical economic and human resources of the country the book has been written in a simple manner and it includes recent information i hope the students and teachers get maximum benefit out of it contents

world geography provides a coherent and organized geography of the world as we now know it where we are it studies how people are distributed over the earth how they make their living from it and how they transform it various geographical regions of the world have been discussed in eighteen chapters with individual nations within each of these regions written in a logical cogent and convincing style the principles of brevity and clarity have been followed all through the book combining informative text with a wealth of latest data maps and illustrations this attempt offers a comprehensive coverage of almost all the countries of the world in a single volume it is hoped that this compact yet wide ranging account will be of immense help to the students and teachers alike

yojana is a monthly journal devoted to the socio economic issues it started its publication in 1957 with mr khuswant singh as the chief editor the magazine is now published in 13 languages viz english hindi urdu punjabi marathi gujarati bengali assamese telugu tamil kannada malayalam and odia

human geography which now runs into the third edition is a core textbook for geography students at the university level it is mainly designed to introduce the discipline to the students in a social science perspective the book covers the wide canvas of human geography covering the cultural historical political regional social urban and economic aspects of it the text has been written in a lucid cogent and convincing style documented with interesting maps and diagrams and illustrated with apt and appropriate examples from both developed as well as developing regions of the world this edition contains a wealth of new material and latest data to ensure that it remains an unparalleled resource for the new generation of students and teachers

yojana is a monthly journal devoted to the socio economic issues it started its publication in 1957 with mr khuswant singh as the chief editor the magazine is now published in 13 languages viz english hindi urdu punjabi marathi gujarati bengali assamese telugu tamil kannada malayalam and odia

in the hustle to make career that is regulated by society most give up on their dreams and passions but for k kohli writing was a compulsion not a choice that s how passion manifests it s like the mountain course of the river that forces its way through the roughest of the terrains born in delhi graduated from st stephens college university of delhi he is an inspirational speaker who motivates young people to pursue careers in civil services and community development he continues to be an exemplary figure demonstrating how individuals can make a profound impact on their communities through dedication hard work and a deep sense of social responsibility the civil services have risen in social reckoning as a career due to its significant role in bringing government s policies to the people and making development possible on ground like a rainmaker qualifying for the civil services is also considered as a mark of talent and success given that it requires passing through a multi stage rigorous system of examination and

interview apart from job security and satisfaction the services provide ample opportunities and challenges to prove one's mettle and also to contribute and give back to society in india the civil service is defined as appointive positions by the government in connection with the affairs of the union and includes a civilian in a defence service except positions in the indian armed forces this exam is not for people who believe in shortcuts who are impatient and casual it seeks such people who believe in rigorous study only the candidates who are thoroughly organised disciplined and determined can taste its success ultimately the country needs officers equipped with these qualities if those candidates who have a profusion of the aforesaid qualities get the right guidance then they can definitely crack the ias exam this book has been prepared for such deserving and appropriate candidates we are not just hopeful but have complete faith that his book will definitely work as a useful guidance in making the honest and strong willed candidates as ias move forward with heart within and god overhead connect at kohlifoundationindia@gmail.com

gk publication launches the 6th edition of ecology and environment by mr majid hussain this book has been thoroughly updated with all the recent developments in the field of ecology and environment with each passing day the topic of environment and ecology is gaining importance due to global climatic changes carbon emissions deforestation arctic and antarctic melting heat waves erratic monsoons etc hence aspirants of upsc and state public service commission examinations must have an in depth understanding of the issues involved this new edition includes new wetland rules an updated list of biosphere reserves wildlife sanctuaries and the latest ipcc report which will be very helpful for upsc aspirants salient features updated with all recent ecological and environmental developments as per the latest upsc civil services guidelines and exam pattern lucid and simplified study material
