youth fantasies is a collection of studies conducted in cross cultural collaboration over the past ten years that theorizes youth fantasy as manifested through the media of tv film and computer games unlike other media studies and education books the authors employ both lacanian and kleinian psychoanalytic concepts to attempt to make sense of teen culture and the influence of mass media the collection includes case studies of x files fans the influence of computer games and the lara croft phenomenon and the reception of western television by tanzanian youth the authors see this book as a much needed reconciliation between cultural studies and lacanian psychoanalysis and attempt to highlight why lacan is important to note when exploring youth fantasy and interest in the media especially in shows like x files

idealism is a family of metaphysical views each of which gives priority to the mental the best

known forms of idealism in western philosophy are berkeleyan idealism which gives ontological priority to the mental minds and ideas over the physical bodies and kantian idealism which gives a kind of explanatory priority to the mental the structure of the understanding over the physical the structure of the empirical world although idealism was once a dominant view in western philosophy it has suffered almost total neglect over the last several decades this book rectifies this situation by bringing together seventeen essays by leading philosophers on the topic of metaphysical idealism the various essays explain attack or defend a variety of idealistic theories including not only berkeleyan and kantian idealisms but also those developed in traditions less familiar to analytic philosophers including buddhism and hassidic judaism although a number of the articles draw on historical sources all will be of interest to philosophers working in contemporary metaphysics this volume aims to spark a revival of serious philosophical interest in metaphysical idealism
