a modern dakota indian medicine man recounts his life and spiritual experiences

with surprising candor archie fire lame deer describes the magic and power of the native american spirit life archie s compelling narrative recaptures his boyhood years under the tutelage of his medicine man grandfather on a south dakota farm we follow him from catholic school runaway to army misfit from bartender to boozier from hollywood stuntman to chief rattlesnake catcher of the state of south dakota and we exult with him when he comes home to the world of spirit

for the residents of the pine ridge reservation in south dakota mainstream medical care is often supplemented or replaced by a host of traditional practices theøsun dance the yuwipi sing the heyok a ceremony herbalism the sioux religion the peyotism of the native american church and other medicines or sources of healing thomas h lewis a psychiatrist and medical anthropologist describes those practices as he encountered them in the late 1960s and early 1970s during many months he studied with leading practitioners he describes the healers their techniques personal histories and qualities the problems addressed and results obtained and examines past as well as present practices the result is an engrossing account that may profoundly affect the way readers view the dynamics of therapy for mind and body

connecting modern psychology to its indigenous roots to enhance the healing process and psychology itself shares the healing wisdom of indigenous people the author has worked with including the ju hoansi of the kalahari desert the fijians of the south pacific sicangu lakota people and cree and anishnabe first nations people explains how indigenous perspectives can help create a more effective model of best practices in psychology explores the vital role of spirituality in the practice of psychology and the shift of emphasis that occurs when one understands that all beings are interconnected wherever the first inhabitants of the world gathered together they engaged in the human concerns of community building interpersonal relations and spiritual understanding as such these earliest people became our first psychologists their wisdom lives on through the teachings of contemporary indigenous elders and healers offering unique insights and practices to help us revision the self limiting approaches of modern psychology and enhance the processes of healing and social justice reconnecting psychology to its ancient roots richard katz ph d sensitively shares the healing wisdom of indigenous peoples he has worked with including the ju hoansi of the kalahari desert fijians native to the fiji islands lakota people of the rosebud reservation and cree and anishnabe first nations people from saskatchewan through stories about the profoundly spiritual ceremonies and everyday practices he engaged in he seeks to fulfill the responsibility he was given build a foundation of reciprocity so indigenous teachings can create a path toward healing psychology also drawing on his experience as a harvard trained psychologist the author reveals how modern psychological approaches focus too heavily on labels and categories and fail to recognize the benefits of enhanced states of consciousness exploring the vital role of spirituality in the practice of psychology katz explains how the indigenous approach offers a way to understand challenges and opportunities from inside lived truths and treat mental illness at its source acknowledging the diversity of

indigenous approaches he shows how indigenous perspectives can help create a more effective model of best practices in psychology as well as guide us to a more holistic existence where we can once again assume full responsibility in the creation of our lives

when oshada jagodzinski was a child she had otherworldly visions and a relationship with the dead that only her grandmother who experienced the same could understand jagodzinski s astonishing life story details not only those early visions but also the turmoil she felt before coming to appreciate and ultimately harness her remarkable powers in service of others overcoming battles with substance abuse and her own inner demons she emerged after much healing work and study an ordained spiritualist minister and certified medium she went on to build a fruitful career helping clients overcome the searing pain of loss as well as both spiritual and emotional hunger but oshada s story doesn t end there her quest to find spiritual enlightenment led her to the lakota of pine ridge south dakota and the chipps family s well known tradition of yuwipi medicine men dating back to woptura mentor to crazy horse during her years with the family she developed a profound understanding of the relationship between humans other animals and the earth itself oshada jagodzinski s memoir takes the reader on a rare and dramatic journey of discovery she reveals life changing accidents a near fatal encounter with a raging storm spine tingling shamanic rituals a lakota vision quest and ultimately the very essence of what it is to be alive through it all we learn what it takes to dedicate 45 years in service to the spirit world in order to help others approach a better understanding of death and grief without anger or fear for anyone grappling with questions of life and death substance abuse spirituality and the wellspring of transformative ritual my life among the spirits offers immeasurable wisdom and sustenance for the rest of us it is simply fascinating

the essays in the philosophy of spirituality explore a new field in philosophy until recently most philosophers in the analytic and continental western traditions treated spirituality as a religious concept any non religious spirituality tended to be neglected or dismissed as irremediably vague here from various philosophical and cultural perspectives it is addressed as a subject of independent interest this is a philosophical response to increasing numbers of spiritual but not religious people inhabiting secular societies and the heightened interaction between a multitude of spiritual traditions in a globalized age a provocative array of approaches african indigenous indian stoic and sufic perspectives as well as western analytic and continental views offer fresh insights many articulated by emerging voices contributors are mariapaola bergomi moses biney christopher braddock drew

how we came to seek absolute good in religion and nature and why that quest often leads us astray people have long looked to nature and the divine as paths to the good in this panoramic meditation on the harmonious life michael mayerfeld bell traces how these two paths came to be seen as separate from human ways and how many of today's conflicts can be traced back thousands of years to this ancient divide taking readers on a spellbinding journey through history and across the globe bell begins with the pagan view which sees nature and the divine as entangled with the human and not necessarily good but the emergence of urban societies gave rise to new moral concerns about the political character of human life wealth and inequality grew and urban people sought to justify their passions in the face of such concerns nature and the divine came to be partitioned from the human and therefore seen to be good but they also became absolute and divisive bell charts the unfolding of this new moral imagination in the rise of buddhism christianity daoism hinduism jainism and many other traditions that emerged with bourgeois life he follows developments in moral thought from the religions of the ancient sumerians greeks and hebrews to the science and environmentalism of

today along the way visiting with contemporary indigenous people in south africa costa rica and the united states city of the good urges us to embrace the plurality of our traditions from the pagan to the bourgeois and to guard against absolutism and remain open to difference and its endless creativity
