a fully documented history of the world s largest counterfeiting operation told by one of the last surviving witnesses this book served as the basis of the award winning film the counterfeiters

covers receipts and expenditures of appropriations and other funds

this book first published in 1985 is the first full length study of the soviet armed forces as a social institution using military manpower as a

substantive focus it identifies those characteristics that the soviet military shared with counterparts in non communist systems and those that were unique to the society and political culture in which it was embedded the discussion encompasses defence policy making as a whole and focuses on conscription policy the characteristics of the professional military the role of the political officer the mechanics of political socialization within the red army and the experience of ethnic minorities in the armed forces this analysis provides a window through which we can observe the broader military system at work how that system affects and in turn is affected by the economic social and political life of the soviet union it contributes to our understanding of civil military relations in communist systems and to our knowledge of soviet political and social trends

this is a completely new and revised edition of the general aviation handbook long overdue since it has been over 10 years since the last edition was published this edition is fully revised and updated and contains 10 years worth of updated material including the addition of a number of manufacturers and aircraft which were omitted from earlier editions for various reasons aircraft new to this edition include the so called heavy microlights which are now an important part of the worldwide light aircraft scene about 90 percent of the photos are new and larger page size provides greater space for large data tables and photos previous editions have been strong sellers this is the main reference book on this important sector of the aviation world and this new edition will be welcomed by both aviation enthusiasts and those involved in the aviation industry
