it is my sincere desire in this writing to somehow inspire action by those who read it at this writing our nation teeters on the edge of a knife elements of destruction from within i feel have never been so strong in america s history we are i fear one step from losing the rights and freedoms provided to us by our founding fathers i see the very fabric of our constitution under attack by a government where all power lies in the coercive efforts of the few or just one this situation should scare any red blooded american and stir up a righteous anger toward it are we to become a nation run by despotic rulers where the common man is just a subject or a country of nation states similar to that of old europe where we are red versus blue may god forbid here i will attempt to give justice to the subjects covered my goal is not just to state facts and figures although these are included but to draw out and put forward the wisdom of those great men and women who founded this country and wrote its governing edicts i have found that seldom will a person take the

time and put forth the effort to investigate for themselves what really is the truth i am not judging here as i was guilty of the same problem but what i have found out over the years since i took charge of my own inputs is truth is truth and can never be untruth no matter what the subject when i look at our great nation today i wonder if what it has to offer those who immigrate to it has not diminished is there truly an offering of real freedoms rights and opportunities or is this just smoke and mirrors with the reality being that our nation is headed toward the problems that many are trying to get away from america is quickly losing its grip on the constitutional framework it was built upon our freedoms demand that we all do our part to reestablish it the question remains will complacency prevail or will america wake up choose
