this book discusses the economic political and environmental issues surrounding the international exploration and exploitation of conventional and unconventional natural gas shale gas development in recent years has changed the energy discussion in the us as existing reserves of natural gas coupled with horizontal drilling and hydraulic fracturing make exploitation of these reserves economically feasible the discussion is quickly becoming international in scope the potential expansion of natural gas development impacts many regions of the globe and spans multiple perspectives in a volatile international climate one of intense geopolitical conflict between russia and the west economic

slowdowns in europe and china military conflicts in the middle east and northern africa and widening income disparity in the u s a relatively inexpensive and plentiful energy source like shale gas could play a key role in mitigating such conflicts in an energy interdependent global community however multiple factors such as oil prices differing rates of exploration environmental concerns strategic initiatives institutional changes legal and regulatory issues and actions of the nations involved all have the potential to influence future outcomes this book discusses each of these in turn detailing the issues most prevalent in each geographical area the first volume to provide a comprehensive global view of the impacts of shale gas development this book fills a gap in the current research literature providing vital information for the scholarly community and the public alike this book will be of interest to researchers and students of economics energy policy public administration and international relations as well as policy makers and residents of the regions that are experiencing shale gas development

integrating care across disciplines and organisations around the needs of the person with diabetes has been proposed as an approach that could improve care while reducing cost but has it and can it integrated diabetes care a multidisciplinary approach collates evidence of worldwide approaches to both horizontal integration across disciplines and vertical integration across organizations in diabetes care and describe what was done what worked and what appeared to be the barriers to achieving the goals of the programmes evidence is sought from groups who have developed different approaches to integrating diabetes care in different health systems eg insurance vs tax payer funded single vs multiple organization published vs unpublished a final chapter brings the evidence together for a final discussion about what seems to work and what does not

across britain muslims are caught up in a battle over the very nature of their faith and extremists appear to be gaining the upper hand sara khan has spent the past decade campaigning for tolerance and equal rights within muslim communities and is now engaged in a new struggle for justice and understanding the urgent need to counter islamist inspired extremism in this timely and courageous book khan shows how previously antagonistic groups of fundamentalist muslims have joined forces creating pressures that british society has never before encountered what is more identity politics and the attitudes of both the far right and ultra left have combined to give the islamists ever increasing power to spread their message unafraid to tackle some of the pressing issues of our time sara khan addresses the question of how to break the cycle of extremism without alienating british muslims she calls for all britons to reject divisive ideologies and introduces us to those

individuals who are striving to build a safer future

church dialogues including official reports and debates within the general synod operate under the premise that canonical authority can shape a viable theology and coherent ecclesiastical and liturgical practices in a groundbreaking departure from conventional methodologies queering the church offers a rigorous examination of the hermeneutical frameworks that inform discussions on homosexuality within ecclesiastical governance drawing inspiration from halberstam s concept of the queer art of failure doe advocates for a fundamental shift a move away from entrenched institutionalized debates toward a more inclusive deconstructive discourse rather than perpetuating cycles of authoritative rhetoric doe proposes a transformative realignment one that challenges traditional power dynamics and fosters a more equitable theological dialogue provocative and timely this book promises to illuminate new avenues toward a nuanced comprehension of church discourse

a vital and important look at the rise of a security state that is transforming the nature of our democracy in the aftermath of 9 11 in lockstep with booming technological advancements a new and more authoritarian form of governance is upplanting liberal democracy the creation of the security industrial complex an internal security state within the state fueled by tech companies private security firms and the intelligence community to the tune of 120 billion a year is intruding on civil liberties to an unprecedented extent politicians tolerate it some citizens welcome it thinking it may be the way to keep america safe in a time of uncertainty and terrorism but how real is this threat and is it worth the loss of our individual privacy as a society we have yet to comprehend the meaning of universal digital interconnection its impact on our psychology and its transformation of our government and society america is at a crossroads in contending with a security goliath allowing the beginnings of a police state and the conversion of our of our liberal democracy to a secure democracy one where government overreaches tramples on civil liberties and harnesses great advancements in technology to spy on the populace keller walks us through what these changes can mean to our society and more importantly what we can do to halt our march toward intrusive and widespread surveillance an urgent wakeup call for a country in crisis democracy betrayed is a timely and deeply important book about the future of america

this book analyses the impact of the covid 19 pandemic in different areas of finance emphasizing the contagion effect in capital markets the volume presents evidence based case studies from the global financial crisis that followed after the onset of the pandemic in march 2020

terrorism law and policy provides a comprehensive socio legal analysis of issues related to terrorist activity aimed at both undergraduate and postgraduate students the book takes a comparative approach to the law related to terrorism in a number of states mainly those in europe north america australia and new zealand beginning with an examination of the background to various currently active terrorist groups the book focuses on those groups which are currently active and which pose a threat to security especially at the international level the chapters take the reader through the legal definitions of terrorism contained in various states statutory provisions and examine how the courts have interpreted terrorism in those states jurisdictions the main aim of any terrorist investigation is prevention and so the book examines the various statutory preventative measures that states have introduced and explores the legal issues surrounding surveillance terrorism intelligence exchange radicalisation use of social media quasi criminal provisions asset freezing and the nexus between terrorist activity and organised crime bringing together a number of themes related to terrorism and security from a uniquely legal perspective this book builds a comparative picture of the legal counter terrorism interventions states are adopting to increase co operation and adopt a more united approach in the face of the international terrorism threat

adrian howells 1962 2014 was one of the world s leading figures in the field of one to one performance practice the act of staging an event for one audience participant at a time developed over more than a decade howells s award winning work demonstrated not only his enduring commitment to this genre of performance but also his determination to find new challenges and innovations in performance art intimate theatre and socially engaged art it s all allowed edited by deirdre heddon and dominic johnson is the first book devoted to howells s remarkable achievements and legacy contributors here testify to the methodological thematic and historiographical challenges posed by howells performances citing his permissive mantra as its title it s all allowed includes new writing from leading scholars and artists as well as writing by howells himself an extensive interview scores and visual materials which together reveal new insight into howells s groundbreaking process
