the handbook of islamic banking comprises 25 studies by leading international experts on islamic banking and finance specially commissioned to analyse the various debates and the current state of play in the field from its origins thirty years ago islamic banking has expanded rapidly to become a distinctive and fast growing segment of the international banking and capital markets despite this expansion islamic banking still remains poorly understood in many parts of the muslim world and continues to be a mystery in much of the west this comprehensive handbook provides a succinct analysis of the workings of islamic banking and finance accessible to a wide range of readers at the same time it seeks to bring the current research agenda and the main issues on islamic banking before a wider audience islamic banking offers as an alternative to conventional interest based financing methods a wide variety of financial instruments and investment vehicles based on profit and loss sharing arrangements these are all explored in detail along with other subjects such as governance and risk management securities and investment structured financing accounting and regulation economic development and globalization m kabir hassan mervyn lewis and the other contributors have created an authoritative and original reference work which will contribute to a wider understanding of islamic banking as well as provoking further discussion and research it will be invaluable to all scholars researchers and policymakers with an interest in this subject

a detailed look at the fast growing field of islamic finance and banking the guiding principle of islamic finance has existed throughout islamic history yet modern islamic banking has been around for a relatively short period of time author amr mohamed el tiby is an expert in this field and with this new book he reveals how you can benefit from the use of islamic banking strategies in your financial endeavors engaging and accessible islamic banking shows the impact this approach has made on conventional banking since the 1950s and why it s such a big player in the current market it offers a unique look at various aspects of this field including the salient features of islamic banking that distinguishes it

from non islamic banking the development of the regulatory bodies and supervisory agencies that support the islamic banking system and much more it also explores the nature of risk in islamic banking and the issues of capital adequacy corporate governance transparency and risk associated with islamic banking discusses the history and development of islamic finance offers straightforward strategies for implementing islamic finance into your business activities sheds light on the effect of the global economic crisis on islamic banks versus conventional banks filled with in depth insights and expert advice this detailed analysis of islamic finance will help you gain a firm understanding of how effective this proven approach can be

islamic finance has been growing faster than conventional finance for most of the past decade it has done this on a model of finance that rejects interest and promotes profit sharing how is this possible yet the wealth potential of islamic finance is far from being its most attractive feature what is most compelling about islamic finance are its ethical principles and strong corporate governance based on shariah law this second edition explains and updates how conventional financial products work from mortgages and leases to trade finance and insurance before delving into their islamic versions and contains three new topics on microfinance the ethical company and wealth succession about the authors daud vicary abdullah has been in the finance and consulting industry for more than 40 years and has focused solely on islamic finance since 2002 at hong leong islamic bank he was instrumental in transforming an islamic banking window into a full fledged islamic banking subsidiary today he helms incef international centre for education in islamic finance the global university for islamic finance set up by bank negara central bank of malaysia in december 2005 he is also a frequent speaker and commentator on matters relating to islamic finance keon chee is a senior executive in singapore where he oversees the wills trusts and corporate services businesses in his firm he has many years experience in investment research derivatives financial training and insurance he obtained an mba from columbia university and an ll b honours from the university of london and enjoys using his broad background in helping clients with their estate planning needs he is also co author of the best selling make your money work for you

Islam has a very specific approach to commercial transactions the law of contract interest charges indeed to the very nature of property for financial institutions operating in an Islamic environment or seeking to meet the requirements of communities committed to Islamic law this poses a variety of problems this important book investigates how such a challenge can be met in practice the authors investigate the way Islamic banks work within different economic financial social legal and religious environments they take the reader through the basic principles involved the issues that arise and the difficulties that are often encountered drawing on detailed studies of Islamic banking in London Jordan Turkey Malaysia and Pakistan they provide an understanding of how complex Islamic concepts impact upon the use of financial instruments commercial priorities and services relationships with central banks comparative analysis of financial statements and the role of Islamic banking in a development context are also covered Islamic banking will be essential reading to all those involved in the setting up and running of Islamic banking units in western countries and a key resource for students of economics in the international arena

Islamic Banking and Finance in South East Asia by Angelo M Venardos has been a must read since its first edition in 2005 and has already been translated to Arabic now in its 3rd edition the book offers important updates you can look forward to starting with the foundations of Islamic banking developments and issues the reader is then treated to a timely survey of Islamic banking in five South East Asian countries most of these chapters have been completely revamped from the last edition one additional chapter has been added on Islamic succession planning which introduces an increasingly essential aspect of Muslim life that of managing one's wealth now and in the afterlife whether you are new to the topic or a practitioner in the industry you will appreciate the accessible way in which the book is written according to the Asian Journal of Comparative Law the book gives a broad overview yet manages to achieve this in a rather slim volume while providing depth of analysis at the same time

the recent turbulence in the global financial markets has drawn attention to an alternative system of financial intermediation Islamic banking and finance which has so far

remained on the sidelines of the unrest islamic finance in a nutshell is a quick and easy guide to understanding the fundamentals of islamic finance and how the islamic financial markets work designed as a quick read for practitioners needing to pick up the basics of the industry it will enable readers to understand the differences islamic and western finance starting with the rise of islamic finance the book highlights the key areas which practitioners need to grasp to understand the marketplace including financial statement analysis sharia a law making money in the absence of interest and regulation the book also provides readers with a basic guide to arab terminology and a guide to the top financial institutions within the islamic markets this is an ideal guide for anyone with an interest in how these financial markets work but who do not want to be bogged down in complex and unnecessary terminology

in a sector where publications focus on theory the islamic banking in practice series concentrates solely on market practice the evolution of principles into practice is explained clearly and concisely how is a simple sale of metal used to deliver a total return swap the reader is guided step by step as to how financial institutions create products whilst ensuring compliance with islamic commercial law written by a globally recognised practitioner and expert structuring and transactions are presented and explained in detail covering structuring risk pricing execution chapters include money markets fx transactions using options forwards and swaps structured deposits total return swaps

a detailed look at the fast growing field of islamic banking and finance the art of islamic banking and finance is a modern american take on what it means to incorporate islamic finance principles into everyday banking and investment techniques by introducing a new brand of banking for all people of all faiths the riba free rf banking the author is considered the father of rf islamic banking in america he has been a banker and an imam scholar for over 40 years in america since 1968 he started the tedious process with a finance company lariba in pasadena california in 1987 this is the first book ever in the field to trace the origins of prohibiting the renting of money at a price called interest rate and over indulging in debt the book reviews in great details the theological foundations of prohibiting interest in the jewish bible the christian bible and the qur aan the author

then discusses money and how fiat money is created the role of the federal reserve and the banking system in america the book also discusses for the first time ever how to include an important aspect of rf islamic finance using commodity indexation and marking the items to be financed to market in order to avoid participating in economic bubbles the author discusses how these rules work how they affect consumer behavior and how they change the role of the banker financier covers a new pioneering model that is based on the law shari aa and how it is applied in every transaction from joint ventures and portfolio management to home mortgages and personal financing shows how to incorporate the law shari aa into american financing and banking systems points to rf islamic finance and banking as a way to emphasize socially responsible investing the art of islamic banking and finance also includes a discussion on the emergence of a culture of rf islamic banking and finance today which is based on the real judeo christian islamic spirit and very effective when compared to twentieth century models that use financial engineering and structuring techniques to circumvent the law shari aa the book also includes case studies based on the actual experience of the author and detailed analysis of the superior results realized by applying this new brand of banking to financing

introduction to islamic banking and finance is a succinct guide to the key characteristics of islamic banking highlighting how these differ from conventional banking this detailed book illustrates how islamic banking is consistent with the sharia a a key element of which is the prohibition on collecting and paying interest this central religious precept appears to rule out most aspects of modern finance but it does allow money to be used for trading tangible assets and business which can then generate a profit brian kettell s book looks at all aspects of islamic banking including chapters on its creation and evolution through to detailed discussions of the issues involved in the sharia a contracts of murabaha mudaraba musharaka ijara istisna a and salam islamic insurance takaful is also covered finally the book takes a look at sharia a law and sharia a boards indicating the roles and responsibilities that come with membership islamic banks have been operating in places such as bahrain saudi arabia malaysia and dubai for some time conventional bankers have traditionally viewed the sector as a small exotic niche but recent years have seen a dramatic surge in popularity a number of western investment banks have started working with muslim clerics to create new ranges of financial products designed for devout muslims a large and growing market although estimates of the size of the islamic

finance industry vary greatly everyone agrees that it is expanding rapidly and this is the perfect book for anyone looking to understand the industry

gain insight into the unique risk management challenges within the islamic banking system risk management for islamic banks recent developments from asia and the middle east analyzes risk management strategies in islamic banking presented from the perspectives of different banking institutions using comprehensive global case studies the book details the risks involving various banking institutions in indonesia malaysia uae bahrain pakistan and saudi arabia pointing out the different management strategies that arise as a result of islamic banking practices readers gain insight into risk management as a comprehensive system and a process of interlinked continuous cycles that integrate into every business activity within islamic banks the unique processes inherent in islamic banking bring about complex risks not experienced by traditional banks from shariah compliance to equity participation contracts to complicated sale contracts islamic banks face unique market risks risk management for islamic banks covers the creation of an appropriate risk management environment as well as a stage based implementation strategy that includes risk identification measurement mitigation monitoring controlling and reporting the book begins with a discussion of the philosophy of risk management then delves deeper into the issue with topics like risk management as an integrated system the history framework and process of risk management in islamic banking financing operational investment and market risk shariah compliance and associated risk the book also discusses the future potential and challenges of islamic banking and outlines the risk management pathway as an examination of the wisdom knowledge and ideal practice of islamic banking risk management for islamic banks contains valuable insights for those active in the islamic market

this is how islamic banking really works in a sector where publications focus on theory the islamic banking in practice series concentrates solely on market practice the evolution of principles into practice is explained clearly and concisely sukuk sukuks sometimes referred to as the islamic version of bonds are one the most visible products in islamic banking and finance and with a global reach this volume will explain why sukuks were created and how they work the different structures of sukuk will be explained and

reinforced through detailed analysis of market transactions areas covered include issuance process pricing asset injection risk management shariah compliance chapter headings include common sukuk structures ijara musharakah mudarabah wakala murabaha project finance perpetual equity linked exchangeable hybrid shariah compliance aaoifi developments credit rating defaults the issue of a true sale

this text explains how islamic banking works and what it offers as an alternative model of financial intermediation important questions addressed include why islamic banking started and where it is going who are the main players at present and whom it will attract in future what are its strengths and weaknesses will islamic banks survive in highly competitive and globalized financial markets what are their prospects and potentials how does the relative performance and efficiency of islamic banks compare to conventional banks

to truly understand the current interest in the development of islamic banking and finance in south east asia and how it is different from the conventional banking system one must first understand the religious relationship originating from the qur an and then trace the historical geographic and political developments of islam over recent centuries only on this basis can the reader without prejudice or cynicism begin to appreciate shari ah law and islamic jurisprudence with this platform established in the first part of the book readers are invited to learn about the financial products and services offered understand the challenges in their development and ultimately recognize the significant opportunities that islamic banking and finance can provide both muslims and non muslims this second edition contains updates of statistics and dates with regards to the development of islamic banking in malaysia singapore indonesia and brunei in particular the chapter on singapore details significant developments such as the direction which major banks are taking towards islamic banking and the increase in islamic banking products being offered although written by a non muslim author this highly regarded book is being translated into arabic by a leading islamic university in the middle east

deep insightful analysis of controversial risk management issues in islamic banking mapping the risks and risk management practices in islamic banking is a comprehensive analysis of the current state of risk management practices within the islamic banking industry with recommendations for policy makers bankers and industry stakeholders going beyond the academic this book presents the opinions and perceptions of industry financiers and bankers alongside primary information and data collected by islamic finance professionals to deconstruct and analyze the sector s current risk management practices you ll get up to date on the latest attitudes and trends and delve into the current issues surrounding risk management in islamic banks with a focus on practical applications this authoritative guide discusses the unique risks facing islamic banks from the perspective of a wide range of practitioners risk management is one of the biggest most controversial issues in islamic finance yet it remains under researched many uncertainties exist for which the answers are still unclear yet will play a large role in shaping the industry s future this book digs deep into current ideas and practices to discover what s being done what needs to be done and what needs to stop happening to keep the future of islamic finance strong explore both islamic and traditional attitudes toward risk examine current islamic risk management practices understand the latest industry issues and trends consider the diverse range of risks unique to the islamic banking sector effective risk management in islamic banking deserves priority attention unless the industry develops its own genuine risk management architecture it cannot achieve its full potential and the viability needed for a more resilient financial system than the debunked wall street model mapping the risks and risk management practices in islamic banking provides a deep authoritative analysis of where the industry is today and where it needs to develop

islamic finance is founded on principles that constitute the guidelines governing any islamic economic or financial dealings innovative financial engineering today constitutes one of the most critical needs of islamic financial institutions it represents the forces that will drive islamic finance toward continuous growth and efficiency the structuring of new financing and shariah complaint instruments plays an important role in the enhancement of islamic financial markets and islamic risk management practices combining basic shariah complaint financial instruments within shariah structures to precise identified needs the financial engineering process in islamic finance is a process that is very sensitive

and complex it requires multidisciplinary considerations involving deep knowledge of finance economy shariah law and commercial law divergence of opinions among different shariah scholars and boards as well as the absence or lack of effectiveness of a central regulatory body is perceived as an obstacle to the growth of investment confidence in islamic finance hence innovation along with greater uniformity is essential to make islamic finance an international financial system and to attract a greater number of customers this book addresses the main issues of concern within islamic banking namely the development of conceptual framework the viability of interest free banking and the assessment of its performance and future in a world where conventional interest based finance is the dominant framework islamic banking faces many challenges that must be addressed this book discusses these issues and challenges and will be of great interest to both researchers and practitioners it analyses the past experiences of islamic banks worldwide and provides an objective assessment of their successes and failures

based around 13 individual cases this book will stimulate discussion and develop the reader s understanding of islamic finance by contrasting their existing theoretical knowledge against practical examples

islamic finance the regulatory challenge is therefore timely and a truly welcome addition to the growing literature on this subject i congratulate the two professors for their fine contribution to the evolving art and science of the regulation of islamic finance dr zeti akhtar aziz governor bank negara malaysia the world s financial regulators have taken too long to appreciate the importance of adapting their regulatory frameworks to the needs of the fast growing islamic finance sector simon archer and rifaat ahmed the leaders in the field have put together a fascinating collection of essays which show just what has to be done it is a very timely book indeed howard davies director london school of economics the emergence of islamic finance as a major force in the world financial system has focused attention on regulatory issues this book edited by professor archer and professor rifaat two of the most respected figures in the field is an important point of reference for those who have to deal with these issues whether in regulatory authorities or in the financial

institutions themselves professor william blair qc grays inn london there is now great interest both in financial and legal circles in reliable and authoritative texts on islamic finance i have no doubt that the availability of islamic finance the regulatory challenge will be warmly welcomed by those who provide financial and legal services the work will be of great assistance to them the rt hon the lord woolf of barnes law lord and former lord chief justice of england wales

the first book to offer comprehensive coverage of islamic finance and banking and its applications to the rest of the world now fully revised and updated the ongoing international financial crisis has reignited debate over the development of a risk sharing financial system such as that required in shariah law an introduction to islamic finance theory and practice second edition highlights the core principles of risk sharing in islam arguing that a risk sharing financial system is exactly what we need to promote greater financial stability providing comprehensive coverage of the fundamental theory behind islamic finance and banking according to the core concepts of shariah law authors zamir iqbal and abbas mirakhor clearly explain the distinct features of an islamic financial system and how it compares with traditional financial models addressing the myriad important developments that have taken place in recent years this second edition looks to the future addressing emerging issues sure to influence future developments in islamic finance explores the unique features of an islamic financial system how they compare to more traditional financial systems and how they could improve them discusses all the most recent developments and emerging issues in islamic finance updated with the latest developments trends innovations and statistics this new edition features additional chapters on the financial crisis globalization non bank financial institutions and recent developments in takaful islamic insurance the first edition of an introduction to islamic finance established the book as the market leader and this newly revised and updated second edition incorporates the most recent developments in this booming financial sector including financial stability globalization and non banking financial institutions

islamic finance the regulatory challenge is therefore timely and a truly welcome addition to the growing literature on this subject i congratulate the two professors for their fine

contribution to the evolving art and science of the regulation of islamic finance dr zeti akhtar aziz governor bank negara malaysia the world s financial regulators have taken too long to appreciate the importance of adapting their regulatory frameworks to the needs of the fast growing islamic finance sector simon archer and rifaat ahmed the leaders in the field have put together a fascinating collection of essays which show just what has to be done it is a very timely book indeed howard davies director london school of economics the emergence of islamic finance as a major force in the world financial system has focused attention on regulatory issues this book edited by professor archer and professor rifaat two of the most respected figures in the field is an important point of reference for those who have to deal with these issues whether in regulatory authorities or in the financial institutions themselves professor william blair qc grays inn london there is now great interest both in financial and legal circles in reliable and authoritative texts on islamic finance i have no doubt that the availability of islamic finance the regulatory challenge will be warmly welcomed by those who provide financial and legal services the work will be of great assistance to them the rt hon the lord woolf of barnes law lord and former lord chief justice of england wales

it is a well known fact that conventional commercial banks provide financial intermediation services on the basis of interest rates on assets and liabilities however since interest is prohibited in islam islamic banks have developed several other modes through which savings are mobilized and passed on to entrepreneurs none of which involve interest islamic banking and finance discusses islamic financial theory and practice and focuses on the opportunities offered by islamic finance as an alternative method of financial intermediation key features of profit sharing as opposed to debt based contracts are highlighted and the ways in which they can facilitate improved efficiency and stability of a financial system are explored the authors illustrate that in addition to some 200 islamic banks operating in muslim as well as non muslim countries some of the biggest multinational banks are now offering islamic financial products this book will fascinate students researchers and academics with a special interest in comparative banking middle eastern studies and international finance and will also appeal to practitioners of banking and finance
