occupying much of imperial china s yangzi river heartland and costing more than twenty million lives the taiping rebellion 1851 64 was no ordinary peasant revolt what most distinguished this dramatic upheaval from earlier rebellions were the spiritual beliefs of the rebels the core of the taiping faith focused on the belief that shangdi the high god of classical china had chosen the taiping leader hong xiuquan to establish his heavenly kingdom on earth how were the taiping rebels professing this new creed able to mount

their rebellion and recruit multitudes of followers in their sweep through the empire thomas reilly argues that the taiping faith although kindled by protestant sources developed into a dynamic new chinese religion whose conception of its sovereign deity challenged the legitimacy of the chinese empire the taiping rebels denounced the divine pretensions of the imperial title and the sacred character of the imperial office as blasphemous usurpations of shangdi s title and position in place of the imperial institution the rebels called for restoration of the classical system of kingship previous rebellions had declared their contemporary dynasties corrupt and therefore in need of revival the taiping by contrast branded the entire imperial order blasphemous and in need of replacement in this study reilly emphasizes the christian elements of the taiping faith showing how protestant missionaries built on earlier catholic efforts to translate christianity into a chinese idiom prior studies of the rebellion have failed to appreciate how hong xiuquan s interpretation of christianity connected the taiping faith to an imperial chinese cultural and religious context the taiping heavenly kingdom shows how the bible in particular a chinese translation of the old testament profoundly influenced hong and his followers leading them to understand the first three of the ten commandments as an indictment of the imperial order the rebels thus sought to destroy imperial culture along with its institutions and confucian underpinnings all of which they regarded as blasphemous strongly iconoclastic the taiping followers smashed religious statues and imperially approved icons throughout the lands they conquered by such actions the taiping rebellion transformed at least for its followers but to some extent for all chinese how chinese people thought about religion the imperial title and office and the entire traditional imperial and confucian order this book makes a major contribution to the study of the taiping rebellion and to our understanding of the ideology of both the rebels and the traditional imperial order they opposed it will appeal to scholars in the fields of chinese history religion and culture and of christian theology and church history

the taiping rebellion alternatively termed the taiping civil war or the taiping revolution unfolded in china pitting the manchu qing dynasty against the han hakka led taiping heavenly kingdom spanning from 1850 to 1864 its echoes reverberated beyond with the final rebel faction quelled only in august 1871 post the fall of tianjing the uprising sparked subsequent revolts notably the ephemeral heavenly kingdom of the great mingshun in 1903 directly influenced by the taiping despite the victory of the established qing regime it came at a staggering cost both financially and politically navigating through one of history s deadliest civil conflicts which claimed an estimated 20 to 30 million lives at the helm of the rebellion stood hong xiuquan an ethnic hakka who proclaimed himself the sibling of jesus christ his ambitions were multifaceted blending theological nationalist and political aspirations hong s vision extended beyond religious conversion he aimed to dismantle the manchu led qing dynasty and engineer a radical overhaul of the nation s structure rather than merely targeting the ruling class the taipings sought to dismantle china s societal and ethical framework erecting the heavenly kingdom with tianjing now nanjing as its nucleus they commanded sway over vast swathes of southern china eventually encompassing a populace nearing 30 million
