the major religious traditions of south asia are religions of the book all accept basic arrays of texts of scriptures often seen as sacred reservoirs of meaning and power the west has viewed these texts as bibles of their respective traditions projecting onto them western values and concerns this book challenges such misconceptions by revealing the complex character of scripture and its interpretation in south asian religions texts in context explores the hermeneutical traditions of hinduism buddhism jainism islam and sikhism the question of how we should understand the diversity of text traditions is approached by asking how have traditional thinkers the exegetes within these traditions understood and utilized scripture the answers though remarkably diverse do reveal important similarities and take the discussion of scripture in india to a deeper level this book makes accessible to the non specialist sensibilities and approaches that have previously received little attention in the west but have formed the basis for traditional efforts to understand and utilize scripture it is a collaboration between contemporary thinkers and their traditional

counterparts whose voices emerge as they consider the sacred words of the religious traditions of south asia

many preachers and teachers of preaching talk about the gospel few name it theologies of the gospel in context assembles a gifted group of homileticians who think that preachers need to be able to articulate the gospel not in general but in a certain time and place in context they consider what gospel sounds like for people under oppression in capitalist economies in neocolonial contexts for survivors of trauma and for disestablished mainline churches marred by racism preachers will appreciate these preacher scholars desire to articulate the gospel with clarity especially since the term is so often left unexplained homileticians will see a new genre of doing their work as teachers and researchers in preaching a vision that helps preaching see itself not just as an adjunct to exegesis or communication but a place of doing theology in these pages homiletics is more than technique it is a truly theological discipline

by now it s a given if we re to help our ells and sels access the rigorous demands of today s content standards we must cultivate the code that drives school success academic language look no further for assistance than this much anticipated series from ivannia soto in which she invites field authorities jeff zwiers david and yvonne freeman margarita calderon and noma lemoine to share every teacher s need to know strategies on the four essential components of academic language the subject of this volume is culture here noma lemoine makes clear once and for all how culturally and linguistically responsive pedagogy validates facilitates liberates and empowers ethnically diverse students with this volume as your roadmap you ll learn how to implement instructional strategies designed to meet the linguistic and cultural needs of ells and sels use language variation as an asset in the classroom recognize and honor prior knowledge home languages and cultures the culture and language every student brings to the classroom have vast implications for how to best structure the learning environment this guidebook will help you get started as early as tomorrow better yet read all four volumes in the series as an all in one instructional plan for closing the achievement gap

stewart a man who addressed the central paradox of the field its homelessness as a discipline in an academic community that prides itself on specialization

here is a comprehensive introduction to language disorders in children one whose two fold developmental contextual perspective acknowledges that children s language learning systems include not only their skills knowledge and biological abilities but also their language background family settings and the context in which they are attempting to learn language the text s primary focus is on perspectives from normal development and the bulk of the coverage is devoted to examination of expectations for early infant through toddler

middle preschool through early elementary and later middle elementary through adolescent stages of learning language these developmentally geared divisions are then used to guide discussions of language assessment and intervention for children who are not learning language normally yet who have characteristics in common with their peers who are

in the course of his study of vengeance as a moral concept french exposes important distinctions between types of moral theories karmic and non karmic and between people who are morally handicapped and those who are morally challenged he examines concepts relevant to vengeance such as honor moral authority and evil and issues such as the rationality of revenge and proportionality in punishment book jacket
