offers the first overarching history of the humanities from antiquity to the present

per the uk publisher william collins s promotional copy there is a quarter of this planet which is often forgotten in the histories that are told in the west this quarter is an oceanic one pulsating with winds and waves tides and coastlines islands and beaches the indian and pacific oceans constitute that forgotten quarter brought together here for the first time in a sustained work of history more specifically sivasundaram s aim in this book is to revisit the age of revolutions and empire from the perspective of the global south waves across the south ranges from the arabian sea across the indian ocean to the bay of bengal and onward to the south pacific and australia s tasman sea as the western empires dutch french but especially british reached across these vast regions echoes of the european revolutions rippled through them and encountered a host of indigenous political developments sivasundaram also opens the door to new and necessary conversations about environmental history in addition to the consequences of historical violence the extraction of resources and the indigenous futures that western imperialism cut short

from the top ten bestselling author of normandy 44 and sicily 43 the second world war is the most cataclysmic and violent sequence of

events in recent times but for the past seven decades our understanding of it has relied upon conventional wisdom propaganda and an interpretation skewed by the information available james holland has spent over twelve years conducting new research interviewing survivors visiting battlefields and archives that have never before been so accessible and challenging too long held assumptions about the war that shaped our world in germany ascendant the first part of this ground breaking new history james holland introduces the war beginning with the lead up to its outbreak in 1939 and taking us up to mid 1941 as the nazis prepared to unleash operation barbarossa the invasion of russia to tell the real story he weaves together the experiences of dozens of individuals from civilians and soldiers to sailors pilots leading military strategists industrialists and heads of state and uncovers the strategy tactics and events that informed not only the military aspects of the war but also the economic political and social aspects too the war in the west is a truly monumental history of the war on land in the air and at sea in it james holland has created a captivating and epic narrative which redefines and enhances our understanding of one of the most significant conflicts in history

the first authoritative account of the holocaust for 30 years two fundamental questions about the holocaust must be asked how did it happen and why more completely than any other single work of history yet published laurence rees s holocaust definitively answers them rees provides an exemplary account of how the greatest crime in modern history came about the times rees has distilled 25 years of research into this compelling study the finest single volume account of the holocaust demands to be read saul david telegraph by far the clearest book ever written about the holocaust antony beevor
