retaining well loved features from the previous editions france in revolution 1774 1815 has been approved by aqa and matched to the new 2015 specification this textbook explores in depth a key period of history which was to change the relationship between the ruler and the governed not only in france but throughout europe and in time the wider world it focuses on key ideas such as absolutism enlightenment republic and dictatorship and covers events and developments with precision students can further develop vital skills such as historical interpretations and source analyses via specially selected sources and extracts practice questions and study tips provide additional support to help familiarize students with the new exam style questions and help them achieve their best in the exam

the demise of the british empire in the three decades following the second world war is a theme that has been well traversed in studies of post war british politics economics and foreign relations yet there has been strikingly little attention to the question of how these dramatic changes in britain s relationships with the wider world were reflected in british culture this volume addresses this central issue arguing that the social and cultural impact of decolonisation had as significant an effect on the imperial centre as on the colonial periphery far from being a matter of indifference or resigned acceptance as is often suggested the fall of the british empire came as a profound shock to the british national imagination and resonated widely in british popular culture

a sweeping historical account of the later roman empire incorporating the latest scholarly research in the newly revised 3rd edition of a history of the later roman empire 284 700 distinguished historians geoffrey greatrex and stephen mitchell deliver a thoroughly up to date discussion of the later roman empire it includes tables of information numerous illustrations maps and chronological overviews as the only single volume covering late antiquity and the early islamic period the book is designed as a comprehensive historical handbook covering the entire span between the roman empire to the islamic conquests the third edition is a significant expansion of the second edition published in 2015 and includes two new chapters covering the seventh century the rest of the work has been updated and revised providing readers with a sweeping historical survey of the struggles triumphs and disasters of the roman empire from the accession of the emperor diocletian in ad 284 to the closing years of the seventh century it also offers a thorough description of the massive political and military transformations in rome s western and eastern empires comprehensive explorations of the latest research on the later roman empire practical discussions of the tumultuous period ushered in by the arab conquests extensive updates revisions and corrections of the second edition perfect for undergraduate and postgraduate students of ancient medieval early european and near eastern history a history of the later roman empire 284 700 will also benefit lay readers with an interest in the relevant historical period and students taking a survey course involving the late roman empire

as researchers have begun to adapt to the continuing presence of covid 19 they have also begun to reflect more deeply on fundamental research issues and assumptions researchers around the world have responded in diverse thoughtful and creative ways from adapting data collection methods to fostering researcher and community resilience while also attending to often urgent needs for care this book part of a series of three rapid responses connects themes of care and resilience addressing their common concern with wellbeing it has three parts addressing researchers wellbeing considering participants wellbeing and exploring care and resilience as a shared and mutually entangled concern the other two books focus on response and reassessment and creativity and ethics together they help academic applied and practitioner researchers worldwide adapt to the new challenges covid 19 brings

how was the banking union the most advanced legal and institutional integration in the single market created how does european law impact european integration to answer these questions this book provides a sweeping account of the evolution of european law it identifies five integration periods of the single financial market intertwined with the development of global finance from its origins through its expansion and crisis to the banking union each period is defined by innovations to deepen integration such as the single passport for financial services soft governance and comitology agencies or a single rulebook providing a far reaching explanation of the legal and institutional rationality of the european banking union this book demonstrates that the banking union is not an accident of history or simply the product of the existential crisis of the monetary union it has deep roots in the evolutionary process of european law and its drive towards supranational integration

surveying experience across the free churches this book considers the involvement of british christians in the public

debates about the justification and conduct of war and the pursuit of peace in the first half of the 20th century it explores church involvement with issues like great war conscientious objectors world war one rhetoric the commemoration of war and the arms trade of the mid 20th century war peace and the british free churches in the early twentieth century shines a light on the significance of key individuals such as walter mursell padre ernest lodge watson and henry carter and gives balanced coverage to the public participation of methodists baptists congregationalists and more the book examines the free church interactions with the league of nations and its engagements with ideological discussions around liberalism and pacifism in the period indeed the era addressed by the volume is widely acknowledged as a time in which the free churches enjoyed a height in popular adherence across much of british society rivalling and often eclipsing the establishment the book therefore provides a vital understanding of a previously neglected and yet critical dimension of britain s relationship with peace and conflict in the 20th century

now in its fourth edition this highly successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in europe asia the middle east africa and the americas they focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the last 120 years the fourth edition is thoroughly updated to take account of the most recent research and global developments including new material on the impact of the trump administration on international politics the rise of china under the leadership of xi jinping and the origins of the wars in ukraine and gaza the book is supported by a fully revised companion website including links to further resources and self testing material which can be found at [routledgelearning.com/internationalhistory20c](http://routledgelearning.com/internationalhistory20c)

the late twentieth and early twenty first centuries are commonly characterised as an age of neoliberalism in which individualism competition free markets and privatisation came to dominate britain s politics economy and society this historical framing has proven highly controversial within both academia and contemporary political and public debate standard accounts of neoliberalism generally focus on the influence of political ideas in reshaping british politics according to this narrative neoliberalism was a right wing ideology peddled by political economists think tanks and politicians from the 1930s onwards which finally triumphed in the 1970s and 1980s the neoliberal age suggests this narrative is too simplistic where the standard story sees neoliberalism as right wing this book points to some left wing origins too where the standard story emphasises the agency of think tanks and politicians this book shows that other actors from the business world were also highly significant where the standard story can suggest that neoliberalism transformed subjectivities and social lives this book illuminates other forces which helped make britain more individualistic in the late twentieth century the analysis thus takes neoliberalism seriously but also shows that it cannot

be the only explanatory framework for understanding contemporary Britain the book showcases cutting edge research making it useful to researchers and students as well as to those interested in understanding the forces that have shaped our recent past

external challenges strategic threats and war have shaped the course of modern British history this volume examines how Britain mobilized to meet these challenges and how developments in the constitution state public sphere and economy were a response to foreign policy issues from the restoration to the rise of new labour

in 1829 Andrew Jackson arrived in Washington in a carriage eight years and two turbulent presidential terms later he left on a train those years among the most prosperous in American history saw America transformed not only by growth in transportation but by the expansion of the market economy and the formation of the mass political party Jackson's ambivalence and that of his followers toward the new politics and the new economy is the story of this book historians have often depicted the old hero or old hickory as bigger than life so prominent that his name was wed to an era Donald Cole presents a different Jackson one not always sure of himself and more controlled by than in control of the political and economic forces of his age he portrays Jackson as a leader who yearned for the agrarian past but was also entranced by the future of a growing market economy the dominant theme of Jackson's presidency Cole argues was his inconsistent and unsuccessful battle to resist market revolution elected by a broad coalition of interest groups Jackson battled constantly not only his opponents but also his supporters he spent most of his first term rearranging his administration and contending with Congress his accomplishments were mostly negative relocating Indians vetoing road bills and the bank bill and opposing nullification the greatest achievement of his administration the rise of the mass political party was more the work of advisers than of Jackson himself he did however make a lasting imprint Cole contends through his strength passions and especially his anxiety Jackson symbolized the ambivalence of his fellow Americans at a decisive moment a time when the country was struggling with the conflict between the ideals of the revolution and the realities of nineteenth century capitalism

Thorpe's history of the Labour Party has now been updated to offer a detailed analysis of Tony Blair's thirteen year leadership and includes the story of Gordon Brown's appointment as PM

vols for 1980 issued in three parts series authors and titles
