greek waters pilot is the definitive cruising guide to the coasts and islands of greece covering the entire area from the ionian islands to the aegean rhodes and crete and includes details of over 450 harbours and anchorages in a single volume greek waters pilot has been painstakingly compiled from

rod and lucinda heikell s own survey work and exploration over four decades as well as first hand information from their network of contributors the organisation of so much detail within the confines of a single volume is impressive this fifteenth edition has again been thoroughly updated to reflect developments and changes across the whole region enriched with fascinating historical mythological and gastronomic information greek waters pilot is an incomparable resource and companion for anyone planning to spend time in these endlessly enticing waters

greek waters pilot is the definitive cruising guide to the coasts and islands of greece it covers the entire area from the ionian islands to the aegean rhodes and crete and includes details of over 450 harbours in a single volume greek waters pilot has been painstakingly compiled from the author s own survey work and the latest first hand information although much of the new material affects the ionian and southeastern aegean this new edition contains detailed updating of every part of the guide the redrawn and amended plans and new photographs many of which have been taken from the air complement the revisions in the text refreshing this work which is now in its eleventh edition the organisation of so much detail within the confines of a single volume is an impressive achievement and has been the basis of greek waters pilot s status as the indispensable guide for anyone sailing around greece the fascinating background information with historical and mythological anecdotes gives this book a richness too often missing from bald pilot guides it would be inconceivable to visit this area without the detailed knowledge provided by rod heikell s enviable experience of greek cruising royal cruising club anyone who has cruised around greece will be grateful to rod heikell for compiling what has become the bible for pilotage in these waters if you are planning on cruising in this delightful region heikell is invaluable cruising association his excellent pilots are the yardstick by which all others are measured and it s with justification that they are often referred to as the bible john goode sailing today

the expanded third edition of this popular cruising guide encompasses the greek dodecanese islands and the turkish coast eastwards from the samos strait to kas and kekova fully illustrated with up to date plans and numerous new photographs it is packed with all the essential information for getting to the area formalities and sailing these beautiful cruising grounds there is a level of further detail to this coverage in terms of anchorages and other destinations than is found in the heikell s greek waters pilot and turkish waters and cyprus pilot this handy guide also whets the appetite for the local cuisine and culture and gives some historic context to exploration ashore the fantastic background information with historical and mythological anecdotes

gives a richness too often missing from bald pilot guides royal cruising club no east med cruiser will want to sail without a copy yachting monthly now celebrating its eleventh edition ionian has once again been thoroughly updated with new photos and plans covering the coast and islands southwards from corfu to finakounda and eastwards to mesolongion this much loved guide contains more detail of many of the smaller anchorages and harbours than are comprehensively covered in rod heikell s greek waters pilot like its companions west aegean and east aegean ionian is ideal for charterers and flotilla sailors who are onboard for a relatively short time but also for longer term cruisers on their own yachts who are looking for additional pilotage and background information for this popular cruising ground as with all the heikell guides ionian not only gives all the essential information you need but also exudes the charm and flavour of this corner of the mediterranean heikell s style is easy to digest and gives pleasure in the details of the history geography and social circumstances of the places described as well as the essential sailing information the little ship this book as well as being a practical manual on ionian cruising seems to have absorbed much of the author s personal feelings regarding the charm which draws him back to it and any reader who has had a whiff of the magic spell of the greek islands will sense this and inevitably renew the resolve to return and experience it once again in greater measure nautical magazine rod heikell nowadays is to the mediterranean as gin is to tonic it is difficult to imagine sailing there without one of his guides clear pilot notes chartlets and plentiful illustrations with entertaining commentaries on each place up to date observations on local and national regulations the new edition does not disappoint if one must choose i would have no hesitation in recommending heikell cruising association rod has a knack for dropping in snippets of interest and colour to give the reader a feel for the atmosphere of each port or bay yachting monthly like all rod heikell s pilots it is also a travel guide in its own right ionian magazine the sailing directions are particularly useful when entering the smaller anchorages and harbours for which little information is to be found on charts and include excellent harbour plans and top quality aerial photographs flying fish magazine ocean cruising club

a study of the archaeology and history of ancient harbours with particular focus on the greek world during the archaic and classical eras it questions what locations were the most propitious for the installation of harbours what kinds of harbour works were built and for what purpose and what harbour forms were documented

how were the crusades made possible there have been studies of ancient medieval and early modern warfare as well as work on the finances and planning of crusades but this volume is the first specifically to address the logistics of crusading building on previous work it brings together experts from the fields of medieval western byzantine and middle eastern studies to examine how the marches and voyages were actually made questions of manpower types and means of transportation by land and sea supplies financial resources roads and natural land routes sea lanes and natural sailing routes all these topics and more are covered here of particular importance is the attention given to the horses and other animals on which transport of supplies and the movement of armies depended

rod and lucinda heikell s west aegean covers the coasts and islands near athens the adjacent islands in the cyclades and the eastern peloponnisos to monemvasia also covered is the mainland coast of greece from sounion to volos and the adjacent coast of evia and the northern sporades including sk<sup>o</sup>athos and sk<sup>o</sup>pelos west aegean is a companion guide which provides details of places that are mentioned only lightly in greek waters pilot it is particularly useful for charterers flotilla sailors and others based in the area there is in depth information on getting around places to visit on land and background information which cover topics ranging from food and wine to greece s classical past and ancient sites rod and lu heikell s writing is acclaimed and their pilotage notes supported by plans and photographs many of which have been taken by lu are regarded as the last word on the areas that they cover

this comprehensive guide to the world of chartering compiled by rod heikell shares the breadth of his knowledge and experience recommending types of charter best types of boat as well as essential information about the world s cruising areas taking a practical approach he explains everything prospective charterers need to know before setting sail visas required healthcare money and what to expect from foreign harbours and anchorages at the heart of the book is a country by country round up of charter areas around the world with pros and cons best times to go wind and sea conditions harbours and anchorages eating out safety documentation requirements and getting there each area is illustrated with a map and colour photos this unique guide is a must have reference for charterers the world over and a mouth watering appetiser for those dreaming about where they would like to sail in the future

experience the greek islands through new maps fresh color pictures and the latest listings of restaurants bars and places to stay packed with information on each of the seven major island groups this guide celebrates the diversity history and culture of the islands
