this volume provides concise authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products leading scholars and professional lexicographers from all over the world and representing all the main traditions and perspectives assess the state of the art in every aspect of research and practice the book is divided into four parts reflecting the main types of lexicography part i looks at synchronic dictionaries those for the general public monolingual dictionaries for second language learners and bilingual dictionaries part ii and iii are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively while chapters in part iv examine specific topics such as description and prescription the representation of pronunciation and the practicalities of dictionary production the book ends with a chronology of the major events in the history of lexicography it will be a valuable resource for students scholars and practitioners in the field

the victorians and english dialect tells the story of the victorians discovery of english dialect and of the revaluation of local language that was brought about by the

new historical philology of the nineteenth century regional dialects came to be seen not as corrupt or pernicious but rather as venerable and precious the book examines the work of the ground breaking collectors of the 1840s and 1850s who first alerted their contemporaries to the importance of local dialect and also to the perils that threatened it with extinction it traces the connection between dialect and literature in the flourishing of dialect poetry and the foregrounding of regional voices in victorian fiction it explains how the antiquity of regional dialects cast light on the national past the celts anglo saxons and vikings and how dialect study was also at the heart of the discovery of local folklore and oral culture old words old customs old beliefs and it tells the story of the three great monuments of victorian dialect study that marked the apogee of regional philology the 80 publications of the english dialect society 1873 96 an organization run by a committee of journalists and local historians in manchester the nationwide survey of the existing phonology of english dialects 1889 which listened in on local speech in market squares and third class railway carriages and the multi volume english dialect dictionary 1898 1905 which collected all the previous labours together and made an enduring record of victorian dialect

this textbook provides a comprehensive survey of current language issues in the usa through a series of specially commissioned chapters by leading scholars it explores the nature of language variation in the united states and its social historical and political significance the book is divided into three sections part i american english explores the history and distinctiveness of american english and regional and social varieties part ii other language varieties looks at multilingualism and linguistic diversity part iii the sociolinguistic situation in the usa includes chapters on attitudes to language language and education rap and hip hop and adolescent language it also explores issues such as the ebonics controversy and the english only movement clear accessible and broad in its coverage this book will be welcomed by students across the disciplines of english linguistics communication american studies and popular culture as well as anyone interested more generally in language related issues

five sensation novels are here presented complete and fully reset along with scholarly annotation a bibliography of sensation fiction and articles contributing to contemporary debate

in this richly entertaining book jonathon green traces the development of slang and its trajectory through society and offers an impassioned argument for its defence beginning at least in recorded terms in the gutter and the thieves tavern and displayed only in a few criminological pamphlets slang has made its way up and out across social classes and into every medium there is no doubt that slang deals with those areas of life that standard english often chooses to sidestep certainly slang has many more synonyms for topics such as crime drunkenness and recreational drug taking sexual intercourse and the parts of the body with which we conduct it and a variety of other functions for madness stupidity unattractiveness violence racism and nationalism that for the author is its role and its charm often dismissed as bad language or swear words slang he argues is a counter language the language that says no born in the street it resists the niceties of the respectable it is language s film noir its banana skin its pin that pops pretention it is neither respectable nor respectful it can be cruel it can also be inventive creative and very often funny it represents us at our most human language is an exuberant and rewarding work that uncovers an oral history of marginality and rebellion of dispossession and frustration and it shows how slang gives a vocabulary and a voice to our most guarded thoughts

the three volumes of green s dictionary of slang demonstrate the sheer scope of a lifetime of research by jonathon green the leading slang lexicographer of our time a remarkable collection of this often reviled but endlessly fascinating area of the english language it covers slang from the past five centuries right up to the present day from all the different english speaking countries and regions totaling 10 3 million words and over 53 000 entries the collection provides the definitions of 100 000 words and over 413 000 citations every word and phrase is authenticated by genuine and fully referenced citations of its use giving the work a level of authority and scholarship unmatched by any other publication in this field winner of the dartmouth medal rusa ala outstanding reference source 2011 booklist editors choice library journal best reference 2011
