the time has come to define feminism it is no longer possible to ignore it the century magazine 1914 in this landmark addition to scholarship nancy f cott author of the bonds of womanhood offers a new interpretation of american feminism during the early decades of this century a period traditionally viewed as on in which women won the right to vote and then lost interest in feminist issues cott argues instead that his period was a time of crisis and transition from the nineteenth century woman movement to the beginning of modern feminism many of the issues that are central to women today says cott were firmly articulated in the early decades of this century for example the problem of defining sexual equality so as to recognize sexual difference between men and women the ambiguous potential of a movement seeking individual freedoms for women by mobilizing sex solidarity and the tensions involved in attaining full expression in work and love are all enduring elements of feminism seized upon by women of the 1910s and 1920s first discussing how feminism was indebted to its predecessors cott shows that increasing heterogeneity and diverse loyalties among women in the early twentieth century contradicted the premise of the nineteenth century cause of woman the singular noun symbolizing the unity of the female sex from this crisis emerged feminism championing individual variability and refuting the premise that a singular woman existed cott focuses on the suffrage campaign milieu in which feminism arose giving particular attention to the character and role of the national woman s party from its militant suffrage days to its advocacy of the equal right amendment in the 1920s against prevailing interpretations of the decline of women s political activities after 1920 cott counterposes the swelling numbers in women s voluntary associations and their political efforts she also analyzes the pitfalls that awaited women who tried for effectiveness in the male dominated political parties she sets the controversy over the equal rights amendment in new context discussing the full dimensions of the conflict as not merely over personalities tactics or class loyalties but as a signal example of the modern problem of capturing sexual equality and sexual difference in law the book explores the irony strewn path of women who as aspiring professionals and political actors attempted to put into practice the feminist intent to replace the abstraction woman with instead the human sex this history the story of women who first claimed the name feminists builds an essential bridge between the presuffrage period and today

what has made women unhappy in the last decade faludi writes is not their equality which they don t yet have but the rising pressure to halt even worse women s quest for that equality

why did the political authority of well respected female reformers diminish after women won the vote in battling miss bolshevik kirsten

marie delegard argues that they were undercut during the 1920s by women conservatives who spent the first decade of female suffrage linking these reformers to radical revolutions that were raging in other parts of the world in the decades leading up to the nineteenth amendment women activists had enjoyed great success as reformers creating a political subculture with settlement houses and women s clubs as its cornerstones female volunteers piloted welfare programs as philanthropic ventures and used their organizations to pressure state local and national governments to assume responsibility for these programs these female activists perceived their efforts as selfless missions necessary for the protection of their homes families and children in seeking to fulfill their maternal responsibilities progressive women fundamentally altered the scope of the american state recasting the welfare of mothers and children as an issue for public policy at the same time they carved out a new niche for women in the public sphere allowing female activists to become respected authorities on questions of social welfare yet in the aftermath of the suffrage amendment the influence of women reformers plummeted and the new social order once envisioned by progressives appeared only more remote battling miss bolsheviki chronicles the ways women conservatives laid siege to this world of female reform placing once respected reformers beyond the pale of political respectability and forcing most women s clubs to jettison advocacy for social welfare measures overlooked by historians these new activists turned the daughters of the american revolution and the american legion auxiliary into vehicles for conservative political activism inspired by their twin desires to fulfill their new duties as voting citizens and prevent north american bolsheviks from duplicating the success their comrades had enjoyed in russia they created a new political subculture for women activists in a compelling narrative delegard reveals how the antiradicalism movement reshaped the terrain of women s politics analyzing its enduring legacy for all female activists for the rest of the twentieth century and beyond

the sheer number of publications on feminism make it difficult for students who approach the subject for the first time to gain a sense of what the main issues and interpretations are this book addresses this by offering students an overview of feminism and its history across several countries and time periods along with an annotated guide to direct them in their further reading feminism by june hannam provides comprehensive coverage right from how feminists began to write the history of their movement as early as the late nineteenth century to the impact feminism has had on higher education the text also looks in depth at propaganda and the cult of the heroine in suffrage campaigning and how first wave feminists constructed their own history which then affected future generations of historians and activists

winner of outstanding book award of gustavus myers center for the study of human rights an award winning and canonical history of radical feminism whose activist heat and intellectual audacity powered second wave feminism 30th anniversary edition a fascinating chronicle of radical feminism s rise and fall from the mid sixties to the mid seventies daring to be bad is a must read for both students of gender history and activists of intersectionality this thirtieth anniversary edition reveals how current debates about race transgender rights queer theory and sexuality echo issues that galvanized and divided feminists fifty years ago

publisher description

this text examines the collection of feminist art in the museum of modern art it features essays presenting a range of generational and cultural perspectives

only in recent decades has the american academic profession taken women s history seriously but the very concept of women s history has a much longer past one that s intimately entwined with the development of american advertising and consumer culture selling women s history reveals how from the 1900s to the 1970s popular culture helped teach americans about the accomplishments of their foremothers promoting an awareness of women s wide ranging capabilities on one hand emily westkaemper examines how this was a marketing ploy as madison avenue co opted women s history to sell everything from betsy ross red lipstick to virginia slims cigarettes but she also shows how pioneering adwomen and female historians used consumer culture to publicize histories that were ignored elsewhere their feminist work challenged sexist assumptions about women s subordinate roles assessing a dazzling array of media including soap operas advertisements films magazines calendars and greeting cards selling women s history offers a new perspective on how early and mid twentieth century women saw themselves rather than presuming a drought of female agency between the first and second waves of american feminism it reveals the subtle messages about women s empowerment that flooded the marketplace

this best selling text reader offers 65 interdisciplinary readings drawn from work in the humanities and the social sciences classic and contemporary selections represent both feminist and anti feminist viewpoints in an examination of women s lives and the ways in which women can effect alternatives to traditional gender roles extensive chapter introductions place selections in context define and explain concepts and terminology and provide a cohesive framework for the collection

this comprehensive portrait of nineteenth century reformer clarina howard nichols uncovers the fascinating story of a complex woman and reveals her important role in women s rights antislavery and westward expansion

reassesses the short life and career of american essayist critic and founder of cultural radicalism bourne 1886 1918 known today mostly for his opposition to us military involvement in europe and warnings about the military industrial complex vaughan political science u of minnesota duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change annotation copyrighted by book news inc portland or

chronology of events the women s liberation movement explained the view from the past equal rights now the women s liberation movement 1967 1977 the feminist agenda 1970 1980 biographies the women who shaped the women s liberation movement primary documents of the women s liberation movement

this book could not be more timely kyvig provides a rich and comprehensive history of the politics and operation of the amending process it deserves the attention of not only historians political scientists and legal scholars but also those concerned with public affairs david m o brien author of storm center the supreme court in american politics a lively challenge to traditional views william leuchtenburg author of the supreme court reborn

this study examines the early writing and relationships of activist margaret sanger by focusing on the feminist aspect of the birth control movement pertaining to sexual autonomy for women sanger s distinctive philosophy separated her early advocacy for birth control from other women s movements this work contributes to the existing body of literature on sanger by bringing to the forefront both the american and transatlantic social and philosophical influences present in the birth control and feminist debate
