this book meticulously examines how centers of illicit trade pose myriad threats to global security and sustainable development the exponential growth of illicit trade resulting in annual losses amounting to trillions of dollars for the global economy is increasingly concentrated within specific geographic areas these locales serve as safe havens for smugglers and their accomplices fostering a criminal ecosystem that facilitates the convergence of various criminal activities the book underscores the detrimental impact of poorly regulated international free trade zones which prioritize expediency over security thereby allowing illicit trade to flourish in regions characterized by opaque governance and lax regulatory oversight it comprehensively explores the spectrum of illicit trade present in notorious hubs such as the argentina brazil paraguay tri border area dubai panama belize guatemala and ukraine emphasizing the phenomenon of crime convergence associated with these hubs the book offers actionable recommendations for disrupting their interconnected illicit supply chains infrastructures and networks by addressing this interconnectedness the book fills a critical void in understanding how vulnerabilities within the global economy fuel the creation of illicit trade hubs it will be of great value to researchers in the fields of trade economics criminology and international development it will also be an excellent resource for government agencies policymakers and private sector managers in those industries most affected by the growing problem of illicit trade

this timely book provides the first systematic analysis of global public procurement regulation and policy during and beyond the covid 19 pandemic through both thematic chapters and national case studies this book explores the adequacy of traditional legal frameworks for emergency procurement examines how governments and international organisations have responded specifically to the pandemic and considers how the experience of the pandemic and the political impetus for reform might be leveraged to

improve public procurement more broadly public procurement has been critical in delivering vital frontline public services both in the health sector and elsewhere with procurement of ventilators protective equipment and new hospitals all hitting the headlines at the same time procurers have faced the challenge of adjusting existing contracts to a new reality where for example some contracted services can no longer operate further efficient and effective procurement will be an essential and not a luxury in the economic recovery with case studies on Italy the UK the USA India Singapore Africa Latin America and China the book brings together the world's leading academics and practitioners from across Europe the Americas Asia and Africa to examine these issues providing an essential resource for policy makers legislators international organisations and academics this title is included in Bloomsbury Professional's local government law online service

trade policies create both winners and losers as some actors stand to benefit and others are left behind more often than not it has been women who have borne the negative impacts of international trade policy and it is thus imperative that future trade policy is negotiated and implemented with an eye toward women's interests this collection represents an innovative systematic evaluation of the debate relating to international trade law policy and gender equality it analyses the role of WTO as a trade policy setter current debates and possibilities for gender inclusive trade agreements and emerging topics such as e-commerce and gender responsive standards with a range of interdisciplinary contributions and national and regional case studies this collection offers a comprehensive up to date analysis of the intersections between trade law and gender and is vital to ensuring that both men and women win from trade policy in the future this title is also available as open access on Cambridge Core

states reject inequality when they choose to ratify the International Covenant on Economic Social and Cultural Rights (ICESCR) but to date the ICESCR has not yet figured prominently in the policy calculus behind states' international economic decisions this book responds to the modern challenge of operationalizing the ICESCR particularly in the context of states' decisions within international trade finance and investment differentiating between public policy mechanisms and institutional functional mandates in the international trade finance and investment systems this book shows legal and policy gateways for states to feasibly translate their fundamental duties to respect protect and fulfil economic social and cultural rights into their trade finance and investment commitments agreements and contracts it approaches the problem of harmonizing social protection objectives under the ICESCR with a state's international economic treaty obligations from the designing and interpreting international treaty texts up to the institutional monitoring and empirical analysis of ICESCR compliance in examining public policy options the book takes into account around five decades of states' implementation of social protection commitments under the ICESCR its normative evolution through the UN Committee on Economic Social and Cultural Rights and the committee's expanded fact finding and adjudicative competences under the optional protocol to the ICESCR as well as the critical dialectical and deliberative roles of diverse functional interpretive

communities within international trade finance and investment law ultimately the book shows how states' icescr commitments operate as the normative foundation of their trade finance and investment decisions
